

Aircraft Show Sets Four New World Records

DAYTON, Ohio (AP)—Record setters of the three-day National Aircraft Show which ended here Monday expect their glory to be short-lived.

Most of them feel it will be no more than a year before planes now in the experimental stage shatter the new marks, just as old ones fell in quantity here over the holiday weekend, before crowds totaling 200,000.

Four new world records came out of the closing day's program. But they resulted from pre-show runs which were not announced until Monday.

One-Man Race
Helicopter speed and altitude records disclosed Monday were set earlier by Air Force Capt. Rulell M. Dobyns of Norfolk, Va. Because of unfavorable weather he did not even try Monday to beat his altitude record of 22,289 feet set last Wednesday or the helicopter speed mark of 146.735 m.p.h. he made Friday for a 1½-mile straightaway.

The Thompson Trophy Race, once the multi-entry thriller of the National Air Races, was a solo flight by Brig. Gen. J. Stanley Holtoner, 42-year-old commander of Edwards Air Force Base, Calif. The 681.576 m.p.h. he flew Monday in a North American F86D Sabre jet stands as a jet record for the race.

Weather Rough
But last Wednesday Gen. Holtoner in a Sabre jet and in better weather zipped around the 100-kilometer (62-mile) closed course in 690.118 m.p.h. That shattered a world mark Jacqueline Cochran set for the 100-kilometer closed course last June 3 in a Canadian-built F86E.

Capt. Harold E. Collins of Eglin Air Force Base, Fla., also flying an F86D, made low altitude upwind and downwind straightaway passes of about 15 kilometers (about 9 miles) before Monday's crowd, but the rough weather kept him well under a world's record he made a week ago: 707.889 m.p.h.

Fire In Chicago Claims 18 Lives

CHICAGO (AP)—Police and Fire Department officials today sought to determine the cause of a fire that swept through a South Side tenement early Monday, killing at least 18 persons.

The known victims in the fire that destroyed a four-story brick building were five women, four men and nine children, all Negroes. Among the dead were nine members of one family, including six children.

Firemen said it would be several days before the debris is cleared sufficiently to determine whether it contained more dead.

Fire Marshal John J. Haberkorn said the cause of the blaze was not determined. It was believed to have started in a first floor apartment, in the rear of a tavern. The rear two-thirds of the 63-year-old building collapsed into the basement about 20 minutes after firemen arrived. Fire officials estimated damage at \$75,000.

Skirmish On Border

LONDON (AP)—Belgrade radio today reported another brief skirmish on the Bulgarian-Yugoslav border. There was no mention of casualties.

It was one of many involving President Tito's forces and those of his satellite neighbors since Yugoslavia broke with the Kremlin in 1948.

FRED M. VINSON

Chief Justice Vinson Dies Of Heart Attack

WASHINGTON (AP)—Chief Justice Fred M. Vinson, a Kentucky lawyer who rose to the highest judicial office in the nation, died unexpectedly of a heart attack early today.

The 63-year-old judge and former holder of many top government posts was stricken while at his Washington apartment.

His wife and his son Fred Jr. were at the apartment and summoned a physician at 2:30 a. m. But Vinson died 45 minutes later.

Took Over In 1945
Vinson took over leadership of the U. S. Supreme Court June 24, 1946, an appointee of former President Truman to succeed the late Chief Justice Harlan F. Stone.

The Kentuckian's death paves the way for President Eisenhower to make his first appointment to the Supreme Court bench.

Eisenhower may name his choice within the next few weeks, since the high court is scheduled to open its next session Oct. 5.

It was believed most likely that he would designate the new appointee as chief justice. But he could also choose one of the present members of the nine-man court to be chief justice and name the new appointee as an associate justice.

Opening For Warren?
There was some speculation that California's Gov. Earl Warren would be Eisenhower's choice.

Warren, a Republican, announced last Thursday he would not seek re-election when his present term expires at the end of next year. He gave no hint of his future plans.

At Eisenhower's vacation headquarters in Denver, Assistant Press Secretary Murray Snyder said then he knew of no post for which Warren was being considered. The presidential staff said this morning there would be no comment from Eisenhower on Vinson's death until later in the day.

When Truman named the affable, middle-of-the-road Vinson as chief justice it was widely believed he was chosen as a peacemaker in the wrangle then going on between Justices Robert H. Jackson and Hugo L. Black.

Served In 3 Branches
Truman himself noted Vinson was to become the 13th chief justice in U. S. history, and called it "lucky for the United States and lucky for Mr. Vinson — at least I hope it is."

Vinson as chief justice did not write a large number of the court's opinions, but a number of important cases came before the tribunal during his stewardship.

Vinson's elevation to the high court seven years ago capped a public career that included service in all three branches of the government. He was secretary of the

Druggist Fined \$50 For Using Ammonia On Small-Boy Pest

BALTIMORE (AP)—A druggist annoyed at three small boys asking for "3-D comic books" while he was trying to fill prescriptions, was fined \$50 Monday for forcing a swab of ammonia into the mouth of one of them.

Stephen Golder, 9, testified that the second time he and his two chums asked druggist Stanley S. Taub if he had comic books, Taub came after them with a piece of cotton and a bottle.

Taub denied touching Stephen and said he was only trying to scare the boys away.

Victorious Adenauer Calls For Unified Free Germany

Sen. McCarthy To Be Used In 1954 Campaign

By JACK BELL
WASHINGTON (AP)—Some GOP leaders, convinced the voters generally look with favor on Sen. McCarthy's investigations of communism, intend to feature the Wisconsin Republican in some of next year's senatorial campaigns.

The Senate Republican Campaign Committee already has begun to line up ammunition against five Democratic senators it regards as best bets for displacement in the November 1954 elections.

They are Senators Fear of Delaware, Douglas of Illinois, Gillette of Iowa, Humphrey of Minnesota and Murray of Montana.

Tactics Criticized
A committee official who didn't want to be identified by name said that if present plans mature, McCarthy will be used in behalf of GOP candidates in some of these states.

McCarthy took an active role in the 1950 senatorial campaign in Maryland, which saw Sen. John M. Butler defeat the veteran Millard E. Tydings a Democrat. A Senate elections subcommittee which investigated unanimously called it a "despicable . . . back street campaign" and criticized some of McCarthy's tactics.

McCarthy himself was re-elected to a six-year term last year. While he won handsily, he ran well behind the GOP margins polled in Wisconsin by President Eisenhower and Gov. Walter J. Kohler Jr.

GOP Outnumbered
McCarthy disclaims knowledge of committee plans but says he probably will make some political speeches next year.

Sen. Dirksen of Illinois, chairman of the Senate campaign group, said future plans have not yet jelled. But he left no doubt he regards McCarthy as a definite asset. Dirksen said that at a recent Illinois meeting, the crowd gave its greatest cheer to his mention of McCarthy's investigations.

As the situation stands, the Republicans may go into the campaign.

Truman Lambasts GOP 'Stacked Deal' In Detroit Address

DETROIT (AP)—Ex-President Harry S. Truman was in a "go after and get 'em" mood Monday night, urging the Democratic members of Congress to stop supporting the Eisenhower administration.

Speaking off the cuff at an AFL-CIO dinner in his honor, he said: "I wanted this administration to succeed. I advised our people in the Senate and the House to give them a chance."

"We gave them the chance and they threw it out the window. Now let's really go after that outfit down there in Washington and get 'em." Truman said he had been studying the recent history of the United States and came up with this information:

"Theodore Roosevelt had his Square Deal. Franklin Roosevelt brought in his New Deal. To implement the New Deal I had what I thought was a Fair Deal. . . Now, the Eisenhower administration has

'Frozen Woman' Swallows Iodine

CHICAGO (AP)—Mrs. Dorothy Stevens, who survived the lowest body temperature in medical history, swallowed iodine Monday.

Known as "the frozen woman," Mrs. Stevens was taken to a hospital, treated and charged by police with disorderly conduct.

Police Morris O'Connor quoted Mrs. Stevens as saying, "I did it because I don't want to go on like this—to become a crippled beggar. I'm a human being."

Mrs. Stevens was found literally frozen stiff on Feb. 8, 1951 in an arway on the South Side. Her body temperature had dropped to 60.8 degrees, lowest in medical history for a person who survived.

During long hospital treatment, her right hand, the fingers of the left hand and both legs below the knees were amputated. Mrs. Stevens says her only income is a monthly state pension of \$75.

Investigation showed Mrs. Stevens had been drinking before she was found in the arway. After leaving the hospital about two years ago, Mrs. Stevens addressed religious organizations on the evils of drink.

She told police Monday she started drinking again about two months ago, and took the iodine because she was despondent about her inability to find work.

Norwegian Girl Has Quadruplets; Twins Die

OSLO, Norway (AP)—The newspaper Aftenposten reported today that a 19-year-old Norwegian girl gave birth to quadruplets last weekend and that two of the babies—Siamese twins—died shortly after birth.

The paper said the young mother, Mrs. Anna L. Totsaas of Nordli, and the other two babies were getting along well. The survivors are a boy and a girl, the paper said.

IT'LL BE A LONG TIME—Jerry Levenson of Chicago, Ill., finally winds up in court to answer 74 traffic violations which police say he has ignored for three years. The citations included 20 for speeding, one for reckless driving and 53 lesser violations. Deputy Bailiff Teddy Randall, right, holds the warrants. Levenson was fined more than \$5000 and was sent to jail when he was unable to pay. Should the court decide to charge time for money, Mazola could technically spend nearly ten years in jail.

Pike County, Ill., Young Man Weighs In At 895 Pounds

BAYLIS, Ill. (AP)—Robert Hughes, 26, doesn't get weighed very often. But when he does it's quite an occasion.

Robert was weighed last week for the first time since 1950 and he found he had gained a measly 87 pounds.

Eighty-seven pounds don't mean much to Robert. He now weighs 895 pounds. Folks in this Pike County region believe he is the fattest man in the world.

It's too much trouble to weigh him very often. He has to be placed in a truck and taken to the scales—usually a coal yard scale which is used to weighing heavy loads.

The occasion for his weighing last week was his appearance at the Hannibal, Mo. Fall Festival. Robert loves to be trucked to fairs and carnivals. Such events and reading are about his only recreation.

Coalition Expected
gathered in the Bonn town square, Adenauer called on his people for a mighty, united effort to release the 18 million East Germans from the "yoke of Soviet oppression and slavery."

The new government must be approved by the incoming Bundestag (lower house of Parliament), which is expected to meet here for the first time Oct. 2.

Some sort of coalition seemed inevitable.

The voting Sunday gave 48 Bundestag seats to the Free Democrats and 15 to the German party, both members of Adenauer's government bloc since 1949; 3 to the Centrist party, which said it would vote henceforth along with the Chancellor; and 27 to the new Refugee party formed by the millions of fugitives from Communist-occupied Germany.

No Communists Seated
The opposition Socialists garnered the other 150 seats.

Adenauer certainly again will include the Free Democrats in the government, giving him a safe majority of 97 votes.

There was also speculation Adenauer might try to bring in the Refugee faction. Its 27 deputies would give the Chancellor the two-thirds majority necessary to change the Constitution and authorize German rearmament if the West German supreme court decides the projected German participation in the European army is unconstitutional.

The final official count including parliamentary deputies chosen through application of West Germany's proportional representation law, gave Adenauer's Christian Democrats 244 seats in the new 487-member Bundestag. Adding the 48 Free Democrat seats, the government will control 292 votes, in comparison with 195 for the other parties, thereby accounting for the clear majority of 97.

The Christian Democrats claimed Monday that the Centrists also would support the government coalition while retaining their identity as a party. This might give Adenauer a majority of 103 on crucial issues.

**Parachuting Detroit
Politician Injured;
Jump Misses River**

DETROIT (AP)—A parachuting politician narrowly missed serious injury Monday when he jumped from a plane over the Detroit River for the second time in two weeks.

Don Taylor, 56, who staged the parachute leaps to add oomph to his campaign for Detroit mayor in this fall's election, missed the river this time and dropped on the Windsor, Ont., waterfront. He suffered several cuts and was shaken up when he grazed wires and the side of a waterfront building in the neighboring Canadian city.

Last time, Taylor hit his target and was fished out of the river by friends and the Coast Guard.

**Tarzan Married
To Lana Turner**

TURIN, Italy (AP)—Lex (Tarzan) Barker and his newest mate, Lana Turner, set off for a secret honeymoon spot today—reportedly the Isle of Capri.

Before departing they sent her daughter and his two sons, all three by previous marriages, to visit friends in Paris. The children had been with Barker and Miss Turner in the villa here of a wealthy Italian textile manufacturer.

For part of the summer the couple had been guests there, and it was there they spent their wedding night.

The beauteous couple were married Monday in a civil ceremony at Turin's City Hall after a summer-long romantic vacation together in southern Europe's favorite vacation spots.

Barker and Miss Turner exchanged shield-shaped gold wedding rings but put them on their little fingers instead of the traditional third digit. Barker has been married twice before, she four times—twice to the same man.

**Romanian Farmers
Given Big Tax Cut**

LONDON (AP)—The Bucharest radio announced today Romania's Communist government has granted farmers a big tax cut, reaching 75 per cent for cooperative groups, in a drive to spur agriculture output.

While the cooperatives were the chief beneficiaries, Soviet-type collective farms and peasant associations shared in tax cuts up to 50 per cent, the announcement said.

"Direct taxation is being reduced by 50 per cent in the case of individual peasants marketing their produce," the broadcast said.

Bonn Tightens Armed Alliance With The West

BONN, Germany (AP)—German's victorious Chancellor Konrad Adenauer today began welding a new German government dedicated to the "liberation" of East Germany and close armed alliance with the West.

The 77-year-old Christian Democrat chief opened talks with political leaders on the shape of his new administration after thanking West Germans Monday night for the votes that put him firmly in the saddle for another four years.

Coalition Expected
gathered in the Bonn town square, Adenauer called on his people for a mighty, united effort to release the 18 million East Germans from the "yoke of Soviet oppression and slavery."

The new government must be approved by the incoming Bundestag (lower house of Parliament), which is expected to meet here for the first time Oct. 2.

David Smith, 18, Killed; 2 Hurt In Auto Mishap

David Smith, 18, son of Mr. and Mrs. Lawrence Smith of Kipling, died in St. Francis Hospital about midnight last night as the result of injuries he suffered in an auto accident Monday afternoon about 5:35 at the Rapid River "Y", where US-2 and US-41 join, Michigan State Police said today.

Two others were badly injured. They were Harold Du Roy, 33, of 1219½ Wisconsin Ave., Gladstone, who was driving the car in which Smith was a passenger; and a second passenger, Richard Gagnon, 25, of 922 Superior Ave., Gladstone. Both were taken to St. Francis Hospital.

Their doctor reported Du Roy in critical condition and Gagnon in fair condition this morning.

Compound Skull Fracture
Du Roy suffered two severe lacerations of the scalp, a compound fracture of the skull, a brain concussion and a multiple compound fracture of the left leg.

At mid-morning today Gagnon had still not recovered consciousness. He suffered lacerations of the scalp. His doctor said that examination so far revealed no broken bones, but that Gagnon will be examined further when it is possible.

Harold Goodyer of Gladstone, who was driving behind Du Roy, told Michigan State Police that Du Roy, driving toward the intersection at between 70 and 80 mph, took the turn north onto 41 on the inside lane.

Lost Control Of Car
Seeing a car coming at him Du Roy swung back into his own lane. He lost control and his car left the highway on his own side, rolled over three times, and came to rest 240 feet from where it left the pavement. It has come back partially on the pavement when it stopped.

State police said Du Roy was thrown out of the car, apparently the last time it turned over.

Goodyer told troopers he and Du Roy intended to race to Marquette.

State police said DuRoy's car, a 1952 convertible, was a total wreck.

David Smith attended public schools at Gladstone. He was a member of the National Guard company in this area, Co. C, 107th Engineers.

He is survived by his parents; by three sisters, Mrs. Henry (Mary) Lippens of St. Nicholas, Mrs. William (Helen) Sundling of Gladstone, and another married sister, Rosalie, of Gladstone.

The body has been taken to Skradski Funeral Home. Funeral arrangements are not yet complete.

Series Of Pram Races Will Start At Yacht Harbor

Pram class skippers will compete for the Escanaba championship this week in a series of races at the yacht harbor.

The first of the series is scheduled for Wednesday when the red starting flag will be raised at 6:15 p. m. For the championship series, prams will sail the triangular course marked out recently by EYC members with flag buoys loaned by a local fisherman.

Because of a greater number of sailors than prams, and in order to allow all interested boys and girls to compete, the entrants will be divided by lot into two divisions. All contestants in each division are to sail a series of heats, the number of heats being equal to the number of skippers, and each skipper is to race a different craft in each heat. The winner of the first division then will sail against the winner of the second division for the club championship.

The separation into divisions will be made immediately before the races on Wednesday evening and all who wish to enter are requested to be in the "L" dock area at 5:45 p. m. The heats that evening will be for skippers in the first division and, time and weather permitting, second division sailors will race on Thursday evening. The finals for the two division winners are planned for later in the week.

The parents of participants and others interested are invited to bring a picnic supper to the EYC club house each evening and to attend the regular monthly meeting of the club on Wednesday. During the meeting, plans will be laid for the awarding of racing trophies won during the 1953 season.

THANK YOU

I wish to thank my neighbors and friends, the Bark River Volunteer Fire Department, these who sent food and to all who so kindly assisted me at the time of the fire which destroyed my barn.

(Signed)

Bert Palmgren

FATAL ACCIDENT—David Smith, 18, of Kipling, and two others were seriously injured in this accident that occurred at Rapid River yesterday. (Photo by Don McMillan)

Two Injured In City Accidents

Two persons were injured, neither seriously, in traffic accidents in Escanaba over the Labor Day weekend, police report.

Betty Knapp, 24, of Kalamazoo, passenger in a car driven by Lloyd Wester of Gladstone, Rte. 1, suffered a bruised forehead in an accident that occurred Monday at 10th and Ludington Streets.

Wester was ticketed for following too closely. The other car was driven by Clyde C. Robinson, 406 Ogden, Escanaba.

Mrs. Stephen Loch, Perronville, also suffered a bruised forehead in a collision between a car driven by her husband and another driven by Durlin Thyme of Marquette. The accident occurred Sunday at 23rd and Ludington. Thyme was ticketed for failure to stop in the assured clear distance ahead.

No one was injured but four cars were involved in another accident in which Clarence Kahl, Menominee Rte. 1, was arrested for failure to stop and identify himself. He pleaded guilty and paid a fine of \$50 and costs in Justice Henry Ranguette's court.

Roger Johnson, Highland Park, also involved in the accident, was ticketed for failure to stop in the assured clear distance ahead.

The two other cars were driven by Dora Vucson of Wells and Abram Hyer of Northland.

Traffic tickets were issued to the following: George J. Dubord, 715 Seventh Ave. N., failure to have car under control; Levia Malone, Hermansville, speeding; Alton Weber, 714 Minneapolis Ave., Gladstone, disobeying stop sign; Frank Shepeck, 713 S. 14th St., speeding; Lawrence Clairmont, 226 N. 13th St., disobeying stop sign; James Deacon, Stephenson, speeding.

Ore Shipments Total 167,000 Tons Last Week

Ore shipments from Escanaba totaled 167,966 tons last week, figures from the ore dock agent reveal. The shipments bring the season's total, as of 7 a. m. today, to 4,252,882 tons. Last year at this time total shipments were 2,835,631 tons.

"NUREMBERG EGGS"

First watch was invented by Peter Henle about 1500. Henle lived in Nuremberg, Germany, and from this and their round shape, the first watches were called "Nuremberg eggs."

Speaker Urges Unity Of Farmers And Labor

"Farmers and labor must learn to work together in close harmony because the welfare of one group largely depends upon the welfare of the other," H. D. Rolph, vice president of the National Farmers Union, said Monday.

Mrs. Loyal McLeod Dies In Neenah

Mrs. Loyal McLeod, 68, of 200 S. 6th St., died Monday morning at 12:40 at the home of her son, J. Wayne McLeod, 113 Mayer St., Neenah, Wis. Mrs. McLeod had been ill several months.

Mrs. McLeod, the former Martha Greinert, was born Oct. 11, 1884 in Schoioton, Wis. In December 1913 she married Loyal McLeod in Fond du Lac, Wis. Mr. and Mrs. McLeod lived in Green Bay until 1916, when they moved to Escanaba. They lived here from that time on.

Mrs. McLeod belonged to the First Presbyterian Church, Escanaba, and to Women's Circle 3 of that church.

She is survived by her husband, Loyal and by three sons, James of Iron River, Gordon of Battle Creek, and J. Wayne, Neenah. Also surviving are three sisters, Mrs. Gusta Immel of Fond du Lac, Mrs. Alvina Immel of Fond du Lac, and Miss Ida Greinert of Appleton, Wis.; and four brothers, Ernest Greinert of Neenah, William Greinert of Greenville, Wis., Ed Greinert of Appleton and Wesley Greinert of Milwaukee. Five grandchildren also survive.

The body has been taken to Westgor Funeral Home in Neenah where services will be conducted Wednesday afternoon at 2 p. m. Burial will be in Oakhill Cemetery, Neenah.

Burial will be in Oakhill Cemetery, Neenah.

Burial will be in Oakhill Cemetery, Neenah.

TRANSIST-EAR FOR HARD OF HEARING

One "Energy Capsule"
Replaces Batteries

Here is the world's first ALL-TRANSISTOR hearing aid—first consumer product to use the amazing transistor to full advantage. This instrument operated entirely by a single "energy capsule," no larger than a dime, uses transistors to eliminate all vacuum tubes and bulky batteries. It is hardly larger than a cigarette lighter—weighs only 2½ ounces. Its efficiency brings

Report 5 Thefts In Delta County

Escanaba police today were investigating three apparently unrelated thefts in the city over the weekend—an adding machine from a gas station, \$83.10 from a motor sales, and a city parking meter.

The adding machine (Burrhoughs) was stolen last night or early this morning from the Hansen & Jensen Oil Company station at 23rd and Ludington Streets. The breaking and entering and larceny occurred sometime after the station closed at 10 p. m. yesterday.

Bero Motors, 318 N. 23rd St., was entered late Saturday or on Sunday and \$83.10 was stolen from the cash register, police reported. Entrance was made by breaking a glass in a window on the east side of the building and forcing open a door into the room where the cash register was located.

The parking meter was removed from the curb and carried away from the 100 block on S. 13th St., possibly last night, police said. The loss was discovered this morning. Several other meters in the area were loosened. There was an undetermined amount of coins in the meter.

Cigarettes Stolen

Bud's Service Station on N. 9th St. in Gladstone was entered early this morning by a thief or thieves who took eight cartons of cigarettes, three Ingersoll watches, and a small flashlight, Gladstone city police said.

The thieves broke glass in a rear window, reached through the opening, and unlocked the window, police said. They left by a rear door of the sliding type, which they left partially open.

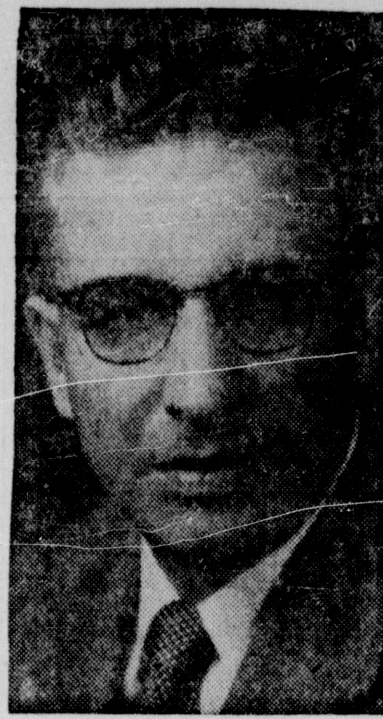

Time of the crime was fixed at later than 5 a. m., because city police checked the station at that hour and the door was locked.

Michigan State Police will help city police in checking for fingerprints and in the investigation, it was stated.

Wells Store Entered
A thief or thieves also broke into the Northern Farm Supply in Wells during the night. Nothing of any value was taken, said the sheriff's department, which with Michigan State Police investigated the occurrence.

Sheriff's men said the thieves broke a window pane, reached in and unlocked the window. A safe was left open. However, the company keeps nothing but papers in the safe, the sheriff's department said.

The crimes follow a series of petty breakings and enterings in this area last week.

REP. KNOX COMING—Congressman Victor A. Knox of Sault Ste. Marie will be in Gladstone from 3 to 5 p. m. Thursday, Sept. 10, and in Escanaba from 10 a. m. to 1 p. m. Friday, Sept. 11 on a tour of the 11th congressional district. He will be accompanied by Mrs. Knox and two members of his staff.

More people get more news from newspapers than from all other sources combined.

Call Meeting Of Ground Observers Here Wednesday

"It is essential that Escanaba organize its Ground Observers Corps as soon as possible," G. S. Leonard, deputy director of Civil Defense here, announced today in calling a meeting of Ground Observers Corps for 8 p. m., Wednesday in City Hall.

Lt. Hudspeith of the Green Bay filter center will address the group and present a movie picture on the operations of the Ground Observers Corps. He will explain the need for organization and assist in formation of an Escanaba post.

"The Air Defense Command has requested that operation sky-watch begin immediately, and that all posts operate 24 hours daily," Leonard said. "For this reason it is essential that we organize soon."

Persons who have previously volunteered for Ground Observer Corps are expected to attend and all interested persons are invited. Additional volunteers are needed. The public is invited to attend.

Dinner Dance Saturday Evening At Highland Club

A directors' dinner dance will be held at the Highland Golf Club Saturday evening, Sept. 12. The cocktail hour will open at 6:30 and dinner will be served at 7:30. Reservations are to be made not later than Friday night by calling the club house, Bark River 3457, or Vicky Beck 323J.

Hospital

Mrs. Fred Raymond, 324 S. 18th St., has been dismissed from St. Francis Hospital, where she received medical treatment.

School Begins Here Today For 3,000 Students

Summer vacations were over for 3,000 students who today returned to classes in Escanaba Public Schools and St. Joseph Catholic grade and high school.

Actual enrollment figures were not available at noon today for Escanaba Junior and Senior High Schools, but EHS anticipated an enrollment of 700 and JHS 683 students.

A total of 1060 students were enrolled in grades 1 through 6 in the five public grade schools and the special education rooms in the city, at noon today. Kindergarten registration was underway today for the public schools and an enrollment of 365 was expected.

St. Joseph High School today enrolled 235 students and St. Joseph grade school 322. First graders at the parochial school were dismissed today until next Monday, because a larger enrollment has made it necessary to open another room in the school. A new teacher, Mrs. Arthur C. Petersen also has been added to the faculty for the third grade, because of the larger enrollment.

St. Ann grade school opened last Monday and has an enrollment of 217 students, and St. Patrick school, which opened last Wednesday has an enrollment of 262. St. Thomas the Apostle Catholic school also opened today, and expected more than 50 students for the two grades offered there.

The combined parochial school enrollment in the city this year is approximately 1,086. Escanaba public schools anticipate a total enrollment of 2,803.

Classes at St. Joseph school were dismissed this morning and students from outlying areas near Escanaba were taken home in the St. Joseph school bus with Father Stephen Schneider, O. F. M., pastor, substituting for the school's regular bus driver, who was unable to fill the early morning schedule today.

Hits Guardrail At Rapid River "Y"

Joseph Paprowski, 19, of Dearborn, drove into a guardrail Monday morning at 1 at the Rapid River "Y", where US-2 and US-41 join, Michigan State Police said today. No one was seriously hurt.

Paprowski and the other passenger, who was badly shaken up, was treated for shock at a Gladstone clinic. No one else was injured.

Paprowski and three other passengers were taken to the state police barracks at Gladstone where they made a report. When state police returned them to their car, it was discovered two suitcases containing clothing had been stolen from the auto. The party was returning to Dearborn from a wedding and the suitcases contained their best clothes, they told troopers.

Set Conservation Tour For Wednesday

The board of directors of Delta County Soil Conservation District will tour farms within the county Wednesday to view soil conservation efforts made during the past summer.

The tour will be under the supervision of Irwin Ten Haken, United States soil conservationist for the district.

The board will view such things as drainage work, strip cropping, and erosion control.

The tour will begin at the Escanaba Postoffice at 10 Wednesday morning. The board will spend the morning in the Hyde-Bark River area, and the afternoon in the Flat Rock-Cornell area.

There are 107 Class 1 railroads in the U. S.

Escanaba

Briefly Told

Board Meets Tonight—The Wells Township School Board will hold its regular meeting tonight at 8 at the Wells School.

Fire Calls—Escanaba firemen were called to the Phoenix lumber yard at 7:30 p. m. Monday to extinguish a grass fire started by children playing with matches.

Encampment 174—Bay de Noc Encampment No. 174 meets at 8 p. m., Wednesday at the Odd Fellows Temple. All members are urged to attend.

Women's Bowling League—The Women's Minor Bowling League will meet at the Arcade Alleys Thursday, Sept. 10, at 7:30 p. m. Anyone interested in bowling is invited.

Legion Auxiliary — A regular meeting of the American Legion Auxiliary, No. 82, will be held tonight at 8 with Esther Anderson and her committee in charge of the arrangements.

Orpheus Meeting — The Orpheus Choral Club will hold its first rehearsal of the season tonight at 7:15 in the Junior High music room. All previous members and new members are asked to attend.

Marriage License—Henry Menard Jr., Gladstone Rte. 1, and Marilyn Englund, Bark River Rte. 1, have applied for a marriage license at the office of the county clerk.

Delta Chapter — A regular meeting of Delta Chapter 118, R. A. M. will be held at the Masonic Temple Thursday at 7:30 p. m. for conferring of the Royal Arch degree.

Youths Rescued—Three youths were rescued Sunday afternoon from an overturned boat in Bay de Noc by Stack Smith, 1707 Lake Shore Drive. The boys were clinging to the overturned boat. The boat capsized after the out-

operations matters.

Operations division concerns itself with co-ordinating the work of various other divisions within the forest service, the office here said.

LITTLE LIZ

board motor stalled.

Troop 408 — Boy Scout Troop 408 will hold its first meeting following summer vacation at 7 p. m., today in Bethany Lutheran church. Boys are urged to bring their fathers. Final plans to attend Camp Wells Sept. 12-13 will be made.

Need More Rooms—Additional rooms are needed for the teachers convention to be held in Escanaba Oct. 1-2. Anyone who has rooms available for rent for the convention is asked to call the Escanaba Chamber of Commerce, phone 1100.

Escapes Injury—Thomas A. Srock of Gladstone Rte. 1 escaped injury at 2:35 a. m. Sunday when he fell asleep at the wheel of his car in the 900 block, Washington Ave., and the car struck a light pole and overturned. Police said Srock had driven from Tennessee. Gasoline that spilled from the overturned car was washed away by city firemen.

Health Officers—Dr. Albert E. Heustis, commissioner, and Dr. Arthur H. Baker, local health services chairman, of the Michigan Department of Health, arrived by plane this noon from Lansing and will spend the day at the Delta-Menominee Health Department here. Tonight they will attend a meeting in Powers-Spalding High School, beginning at 7:30 p. m., E. S. T., to discuss possible merging of Iron and Dickinson Counties with the Delta-Menominee Health Department.

Editorials—

Rough, Bumpy Ludington Street Is In Need Of New Surfacing

IN the last several years Escanaba's street paving program has transformed many blocks of rough, dusty dirt roads into fine hard-surfaced streets. It is a program that has brought a lot of satisfaction to the property owners in the improved areas as well as riding comfort to the general public utilizing those lanes.

Special Issue Voters Should Think Of Nation

WHEN the country's wheat farmers recently voted on keeping price supports, one reaction was: "Isn't it wonderful that in this country men who are directly affected by a policy get a chance to express their views on it?"

The answer is, yes, of course it is. It represents a kind of economic democracy hardly practiced at all in other countries. In this case, an attitude which previously was only imperfectly gauged is now well documented. The farmers want supports, and are willing to pay the penalty of controls to get them.

Enthusiasm for this sort of democratic expression ought, however, to be carefully tempered. We want to know what the wheat farmers and the lettuce growers and the miners and the textile workers think about the policies that affect them most closely. But we don't want to encourage them to think of themselves primarily in those working roles.

First and foremost, they are American citizens. And as such they are fathers, consumers, potential soldiers, participants in community living, seekers after sport and recreation, as well as workers or farmers.

When they vote, they surely cannot be expected to ignore the considerations which they believe closely affect their jobs. But they must be encouraged to balance those relatively narrow, selfish concerns against the broader interests of the country at large.

More than that, they must be urged to realize that the greatest self-interest does not necessarily coincide with the highest immediate cash benefits for their particular work.

In the long run, for instance, they might gain more by measures which curb inflation and thus enhance their position as buyers. Or from expenditures for defense which genuinely impress the Russians and thus reduce the threat of war. What does it mean to have voted right as a wheat farmer if you find your son totting a gun in European or Asiatic combat?

The special referendum on an economic or other issue can be a fine and necessary thing. But the individual who marches in to vote on such a matter ought not to forget he is voting just a part of himself. He ought to remember his other interests. And he ought to remember his country.

Words, Wit & Wisdom

By William Morris

Question: Today one of the local papers carried this headline, **CONVICTS NOW HAVE FLAKS**. The story concerned inmates of a New Jersey prison who threatened to riot and sent word via a press agent to the local papers ahead of time. Nowhere in the story was there any mention of anti-aircraft fire which is what my dictionary says "flak" means. Please explain.

M. W., New York

Answer: Flak is a slang term common in the theatrical and popular music fields, meaning "press agent." I have been familiar with it in this sense for about fifteen years and suspect it antedates the World War II meaning you mention. However, it has never enjoyed the wide popular acceptance given, for example, to the term "disc jockey" which became current in entertainment circles at about the same time. Perhaps the word "flak" is just too blunt and unlovely to find favor among practitioners of the fine art of "space grabbing." The best of them even frown on the term "press agent." Nowadays they are "public relations consultants."

The Doctor Says... Mental Conditions May Be Caused By Tension, Heredity

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Mrs. F. has asked whether a nervous breakdown and nervous exhaustion are the same. This, however, is difficult to answer, since both terms are rather vague, medically speaking, and are not applied to any single mental or nervous disease. Therefore, both conditions have differing symptoms and different causes.

True, in some of those who are said to have a nervous breakdown or nervous exhaustion, the cause seems to be worry, nervous fatigue or distress. In many, the symptoms are relatively mild, and recovery often comes fairly quickly. In others, "nervous breakdown" is used to describe some serious mental disease involving great alteration of personality and a slow recovery.

Just as in other human ailments, the problem is to find out what is causing the nervous or mental difficulty. This is not always easy. The causes of many mental conditions are not thoroughly understood. Some of them may come from the heavy strains of modern life and the great mental tensions produced by the world of today. A few, but by no means all, are possibly inherited.

Ironically, however, the city's main business street, the mile and a half Ludington Street of which we boast so much, is rough and bumpy. It has been patched so many times in so many places that motorists unfamiliar with the community frequently wonder whether Ludington Street has been paved with uneven brick, covered with a dash of asphalt.

The time is at hand, we believe, for an overhauling of Ludington Street. The curbs in most of the streets are too high for modern low slung automobiles. A resurfacing of the street with a few inches of blacktop would not only restore riding comfort to the thousands of motorists who use the street daily but it would also serve to lower the curbs.

We are fortunate indeed that the city founders planned Ludington Street with a width sufficiently large to move a tremendous volume of traffic. In view of the fact that there were no automobiles when Ludington Street was laid out, it is a remarkable bit of fortune that the street was planned wide enough to meet today's traffic requirements.

The need now is for resurfacing. It is a project that is of extreme importance and should not be long delayed. Surely this important work should not be delayed until all of the dirt roads in the community have been hard-surfaced.

The residential street paving program is a good one and, of course, it should not be sidetracked. But Ludington Street is Escanaba's show window, the pivot of community activities. Civic pride should dictate the necessity of resurfacing Ludington Street at the earliest possible time.

Frankly, we are getting just a bit weary of apologizing to our visitors for the condition of Escanaba's No. 1 business street.

Other Editorial Comments

THE DE-LICENSED MENACE (Duluth News-Tribune)

As many alert motorists and pedestrians have long suspected, Minnesota's worst drivers don't always stop driving just because their operator's licenses have been suspended or revoked.

Quite a few of them and, it is safe to guess, some of the most dangerous, go right on driving. To that extent our licensing law is a failure, a costly interference with the freedom of decent, considerate men and women.

Figures of the state highway department show that in the first seven months of 1953, 1,728 persons were found driving after their licenses had been taken away. During the same months 5,077 licenses were revoked and 12,849 suspended, or 17,926.

This suggests a rough ratio of about one de-licensed driver on the roads to 10 deprived of licenses during the same period. Anyone can guess how many de-licensed drivers don't get caught. There must be many.

Evidently there is a type of person in Minnesota who has no intention of letting mere lack of a license stand between him and the pleasure and profit to be gained from driving, no matter what the risk to others and himself.

The obvious solution is disarmament. We are moving, slowly but surely, toward an arrangement under which vehicles driven by such persons will be impounded for rather long periods of time. Society will insist on it.

If the defiant driver is the owner, it will add to his punishment. If someone else is the owner, his loss or inconvenience will awaken a dormant sense of responsibility. Persons who entrust lives and property to a driver officially declared unfit don't deserve sympathy.

The licensing idea is too sound and too much needed to be weakened by lenience in any form.

Are you broke—or haven't you been on your vacation yet?

Merry-Go-Round

By DREW PEARSON

WASHINGTON—When Rev. Carl McIntyre, president of the International Council of Christian Churches was stopped by German and State Department authorities from dropping bibles by balloon behind the Iron Curtain, he remarked: "What is our State Department afraid of? Can the word of God do any harm?"

Rev. McIntyre's irritation is understandable. It touches off a snafu inside the State Department, existing for some time regarding the whole question of propaganda behind the Iron Curtain.

The snafu is caused by three groups inside the State Department:

Group No. 1—The propaganda experts of the State Department are anxious to push any program that will get the right information behind the Iron Curtain. They have encouraged private groups, given them excellent cooperation.

Group No. 2—The political advisers fear reprisals from Moscow, worry over reaction in the satellite states, claim we shouldn't stir up the satellites until they are ready for a real revolt and we are ready to support them.

Group No. 3—Consists of John Foster Dulles and the men immediately around him. During the election campaign, Dulles promised the American people the Eisenhower administration would promote unrest and revolt behind the curtain. Speaking at Buffalo Aug. 27 he said that Eisenhower would "encourage quiet revolution in Red-dominated countries through such methods as passive resistance, slowdowns, industrial sabotage."

But the other day, the sometimes confused Mr. Dulles reversed himself and ruled that food packages could not be delivered to East Germans by balloon.

BALLOON FACTS

However, here are some facts Secretary Dulles didn't bother to check. Last July the Crusade for Freedom launched 6,600 balloons into Czechoslovakia from West Germany, carrying eight million pieces of Czech paper money and 1,500,000 leaflets telling the Czechs about the Berlin riots and the purge of Marshall Beria. This was news the Czech people either didn't know about or had a one-side version of. The leaflets gave pictures of the Berlin riots, so the Czechs knew they told the truth.

When the Communists got wise to the first balloon barrage, they used seven MIG's for an entire day trying to shoot down the balloons. Result: the MIG's bagged three balloons in two hours, while the balloons were being launched at the rate of 200 an hour.

Next day the Reds brought out five Me-109's to try to stop the balloon barrage. No success.

Two years ago when the Crusade for Freedom and I pioneered the first balloon operation over Czechoslovakia we dropped about 11,000,000 leaflets, flying the balloons during the night in order to reach the bigger cities at daybreak. This time Red attempts to stop the barrage fizzled completely.

In view of his campaign pledges, Secretary Dulles should take the trouble to examine these facts before. No wonder Rev. McIntyre was peeved.

CAPITAL NEWS CAPSULES

Antique Furniture—Nelson Rockefeller, undersecretary of health, education and welfare, has borrowed some antique furniture from Williamsburg, Va., the historic city which his family restored . . . Rockefeller is using the furniture in his office dining room at the H-E-W department, where Secretary Oveta Culp Hobby doesn't use the dining room . . . She eats a fruit salad at her desk to keep her trim figure.

Ambassador to Greece—Secretary of State Dulles has changed his mind about demoting Jack Peurifoy, the very able U. S. ambassador to Greece. Dulles was all set to exile Peurifoy to Honduras, simply because he had been close to Dean Acheson and Jimmy Byrnes. But he got so many protests from high-up Republicans that Dulles has now backed down . . . Peurifoy will get a new assignment in keeping with his fine record. He was the man who started cleaning up Communists in the State Department long ago, though he got little credit for it.

Questions and Answers

Q—Why has a Congressional committee delayed its investigation of gambling and other abuses charged to organized sports?

A—Chairman John W. Bricker (R-Ohio) of the Senate Interstate and Foreign Commerce Committee has said he is postponing a proposed inquiry because of uncertainty about his Committee's jurisdiction. So far, the courts have held that baseball—and, therefore, probably other sports—are not business in interstate commerce. Bricker said he will await a final court decision on pending baseball cases before reaching a conclusion on whether organized sports fall within his Committee's province.

Into The Past

10 YEARS AGO

Escanaba—C. L. Dennis, chairman of the brotherhood of Railroad and Steamship employees, praised the war effort made in Escanaba. He spoke at Labor day exercises here.

Manistique—A number of friends and neighbors held a housewarming party for Mr. and Mrs. Vic Beaudry at their new home on North Fifth street.

Gladstone—Mrs. Doris Meyer was honored guest at a birthday party at her home.

20 YEARS AGO

Perronville—The Perronville fair market, patterned after produce markets of the old world, will open soon.

Escanaba—Emil Bergdahl, Escanaba jobber, has rented the Wisconsin Land & Lumber company's at Diffin on the Whitefish branch and will start logging operations soon.

Escanaba—C. H. Slater, field inspector for the Conservation Department and Carl Sawyer, chairman of the Delta county agricultural committee are going over available properties in the county which may be taken up for homesteading development.

Chips Off the Same Block

Red Guerrillas Cost U.S. And South Korea Millions A Day

By FRED SPARKS

NEA Staff Correspondent

TAGU, Korea (NEA)—The old rickety bus, which once worked a midwestern town before being given to Koreans, slowly crept up the side of a mountain. Packed inside were civilians and soldiers on leave from frontline truce watch.

Outside a cluster of huts a young man carrying a cardboard suit case flagged the bus down. When the driver opened the door he looked at a Russian burp gun. Eight other armed and two women popped from the bushes, surrounded the bus.

They ordered the passengers out. A lieutenant, with his country's highest decorations, and a sergeant wore pistols. But using them would invite general slaughter.

The passengers were lined up, the lieutenant and sergeant relieved of their weapons and pistol whipped to the ground. When they fell they were kicked in the head and groin, then shot in the stomach.

In a few minutes every rider was stripped naked of clothes and all possessions. A brace of chickens, sacks of rice, and a recently butchered cow were taken from the roof rack. Four bullets deflated the tires and the bandits disappeared into the heavy brush—forcing before them two of the younger soldiers.

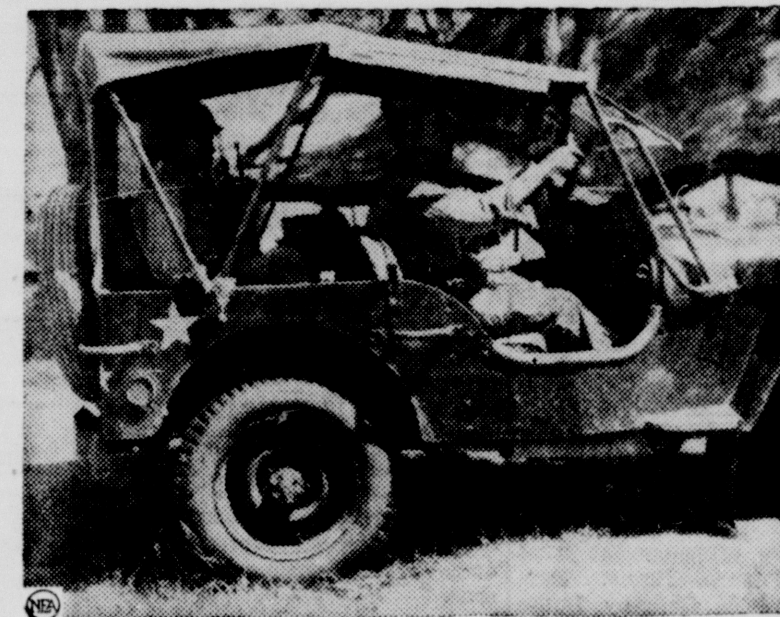

This incident—and there are more like it every day in the mountainous parts of South Korea—was not an act of mere highwaymen.

The thugs were Communist guerrillas, living off the countryside by such acts, serving the Red cause by keeping rear areas ever stewing.

In mountain hideouts the two kidnapped soldiers will be asked to join the band. They will not be hurried. They will suffer refined tortures. They will be roped to trees during the day and at night placed in an upright hole while a guerrilla sleeps over the

(NEA Photo by Fred Sparks) **YANK ADVISOR:** Sgt. Phillip McReynolds, Marshalltown, Ia., works with ROKs on Red hunt.

(Exclusive NEA Photo by Fred Sparks) **ON THE TRAIL:** With shotgun riders in the back seat, Lt. Col. Kim Pan Kyoo, commander of the 10th ROK Security Battalion, rides on a guerrilla hunt. Vehicles move only in convoy.

entrance.

Slowly, as their spirit breaks, they will become little better than slaves. One night they will be taken on a raid of revenge. At gun point, they will be forced to commit an atrocity in full glare of witnesses. So they reach the point of no return.

ROK Generals tell me perhaps one out of five Communist guerrillas are so recruited. Here again the form copies what I found covering Communist guerrilla wars in Greece, Indo-China, Malaya.

While the leaders of the roughly 25 guerrilla bands are fairly hard Commies, invariably trained in North Korea, often by Russian experts, a fair share are ordinary thieves. They are adventurous bullies who find the exciting outdoor life of raid and run easier than plodding father's rice paddy. Many are ROK army AWOL's.

Communist belief in easy loving offers another attraction for farm boys from Korean villages where girls are married before being dated.

Each band has a group of girl guerrillas encouraged to "comfort" warriors. They favor cast off GI fatigue trousers and T-shirts available at any Korean bazaar, and are among the cruellest and most dashing of fanatics, they seem to delight in proving their equality. Usually they are allowed to guard stubborn prisoners—with whip and rifle butt.

They become devoted to men as well as cause. One Amazon was captured trying to flee carrying her wounded lover strapped to an A-frame on her back.

Deliberately, the guerrillas will commit atrocities in one area to frighten locals. After such an incident armed raids are hardly essential for re-supply.

A farmer might be stopped in a lonesome paddy and "advised" to leave a sack of rice and meat at a certain point once every week—or else. The farmer knows he cannot count on complete protection from police or army, which have such sweeping miles to cover.

He must pay or move away, abandoning ancient family farm—or else face horrors for himself and loved ones and destruction of his home. Patriotism is hard to come by when the next visitor might be death.

To try to keep the "squeeze" to a minimum, peasants gathering harvest in bandit zones are not allowed to keep more than one

day's rice crop on hand. They must deliver their day's grain to guarded collection bins in larger towns before dark.

The free Western World is inclined to make light of such ragged guerrilla bands. Their caves invite pneumonia in winter; the streams they drink from contain enough typhoid to disease a metropolis.

But these guerrillas are brave men, physically capable of incredible climbing feats on mere thumbtacks of rice, with an Oriental disregard for their lives—and the lives of others.

Never underestimate the guerrilla enemy. It was such tactics that smothered Chiang Kai-shek's Nationals in China, despite vast acres of aid we sent.

Few of our young men, born to an automobile age, could keep pace with the ridge runners. It is well that the anti-guerrilla war, where planes and tanks are useless is being conducted by the ROKs.

(NEA Photo by Fred Sparks) **RED HUNTER:** Foliage helps camouflage ROK soldier hunting guerrillas in Korean hills.

Good Evening...

By CLINT DUNATHAN

HEATING PROBLEM—Today's householders must often wish they possessed what can be described as more "flexible" heating units to warm their houses on those chill evenings and mornings in fall and spring.

The stoker and the oil burner are wonderful inventions, but for a bit of heat and the comfort of an open fire to drive away the chill nothing can be superior to the old-fashioned stove or fireplace.

Fireplaces are expensive items, however, and for reasons known only to the home decorators whose creations are seen in the slick magazines the heating stove is taboo. Why, you might better display a coffin in the dining room as attempt a stove in the parlor!

It is permissible, of course, to decorate your house with a few armloads of assorted driftwood. But if you try to put in a stove in which to burn it you will definitely decline.

RAW COMFORT—There was a time when people took a certain pride in the stove, both in the kitchen and in the parlor and in the upstairs front bedroom.

Stoves were not only utilitarian—they were decorative in themselves. Not only that, they looked like nothing else but a stove.

Today's manufacturers attempt to design an oil burner that appears at first glance to be a console radio or television cabinet with the doors closed, to which some thoughtless individual has attached a stovepipe.

The old-fashioned stove needed blacking, it's true, but the nickel trimming shone like silver and there was a pleasant glow of flame through the "isinglass" windows in the door. Now the stoves have a walnut or mahogany baked enamel finish, whatever that is.

ISLAND OF WARMTH—What with fans that circulate the heat all over the house, the modern stove fails to achieve that cozy island of warmth of the old Round Oak that Grandpas knew.

This island, on zero days in winter, was small from the geographical standpoint and required the family to do a little huddling to share the heat. There was a physical reason for the closer family circle in those days.

On cold mornings few in the family ever dressed in the bedrooms. The children dashed from their beds, still encased in flannel nightshirts, to the vicinity of the living room stove to don their clothes.

Sometimes in the pushing and shoving one of the children would acquire a burn. We heard of one boy who was branded for life with an oak leaf and clusters when he accidentally backed into the red hot Round Oak.

FRIENDLY KITCHEN—Today's kitchen is beginning to look a little more like a kitchen than it did a few years ago, when everything was white enamel and you expected to find surgical dressings in the cupboards.

Now folks are using warmer colors and even second-grade knotty pine to make the kitchen look like something they think Grandma was accustomed to.

Actually, Grandma centered her kitchen around the stove, or range, as it was called in those days. This was towering masterpiece of efficiency. You could bake in the oven, cook on the top, heat water in the reservoir, keep foods warm in a special shelf-like compartment, and pull up the rocker and be comfortable in the stove's warm companionship.

And it was in the kitchen that baths were taken on Saturday night in a wooden tub filled with water from the "boiler" on the stove.

COMING BACK—The trend toward more informal living is bringing the stove back into popularity, particularly in country homes.

Older and more decorative types of stoves are being hauled out of the shed and again displayed in the parlor, adding both warmth and eye appeal to the home.

Fireplace-type stoves, burning coke, coal or wood, are making their appearance in the kitchens of new ranch style homes, providing a combined barbecue grill and the charm of an open fire.

This movement toward the comforts of the past is apparent recognition that central heating in itself is not a completely satisfactory answer to a cheerful home life. The return of the stove may be only a fad but it is welcome nonetheless.

When The Quints Were Babies: 1

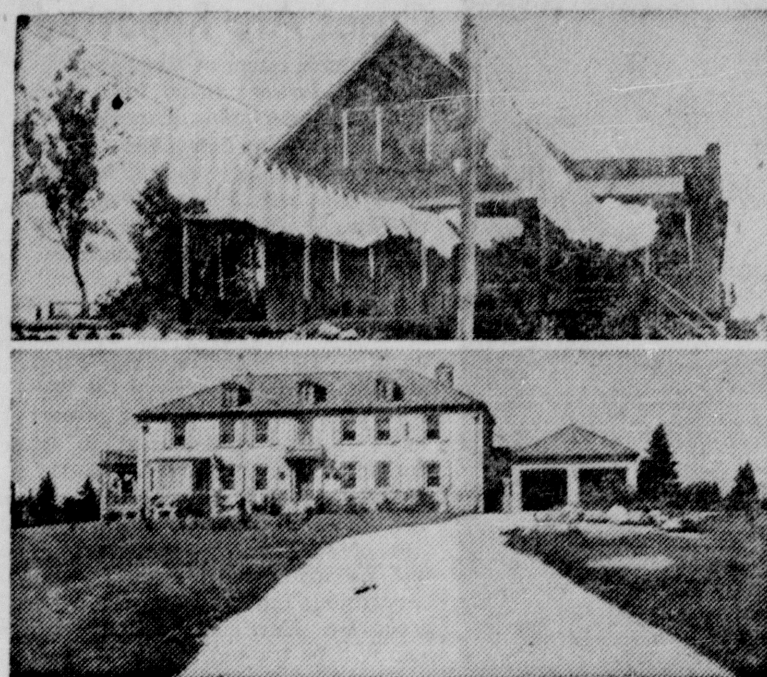

Nineteen years ago their birth — and survival — caught the world by its heartstrings. Now the Dionne quintuplets, still the most famous five sisters of our time, have come to a new milestone. Two of them are taking their first steps to a world apart from their own little group — Marie to a convent, Yvonne to art studies.

And suddenly the world remembers way back when the quints were babies. Here you see a flashback into history as memorable as anybody's family album in a series of historical pictures from the exclusive files of NEA Service.

The now-celebrated quints were born to an humble French-Canadian farm couple near Cal-

lander, Ont., on May 28, 1934. Two months later the first official family get-together produced the photo at left—Mr. and Mrs. Oliva Dionne, the parents, and Oliver Dionne (proud and somewhat awed grandfather. If you count noses under the blankets, you'll find (left to right) Marie, Emilie, Cecile, Annette and Yvonne.

Sharing the limelight with the quints was patient, kindly Dr. Allan Roy Dafeo, (center), whose stethoscope must have seemed mighty cold to little Yvonne in the ramshackle farmhouse (top right) where Dr. Dafeo brought the quints through their first precarious days. Now home for the quint—s and the whole Dionne family of 15—is the big house at lower right.

Captured The World's Heart

Trenary

TRENARY—Mrs. Francis Finlan and Mr. and Mrs. Gerald Peterson of Marquette motored Newberry Friday where they attended the funeral of Mrs. Finlan's and Mrs. Peterson's uncle, Leonard Peterson.

Mrs. Victoria Pepin is a medical patient in St. Francis Hospital. She was admitted Thursday.

Mr. and Mrs. Lon Taylor left Friday for Cadillac after receiving word of Mrs. Taylor's sister's death Thursday morning.

Mrs. Blanche Niemi has returned from Wakefield where she has been visiting with friends.

Mr. and Mrs. John Kyle of Dearborn are guests of Mr. and Mrs. Isaac Maki. Mrs. Kyle and Mrs. Maki are sisters.

Palmer Jokinen has been released from St. Luke's Hospital, Marquette, where he was a medical patient the past week.

Mr. and Mrs. Tony Kopus and children Barbara, Judy, and Carol of Traverse City have returned to their home following a three day visit with Mrs. Kopus' father, Walter Cunningham.

Services For Infant

Funeral services were held on Thursday afternoon for Douglas Arthur, 3 months old son of Mr. and Mrs. Arnold Drukenmiller, who died suddenly at his home on Tuesday.

The baby was born June 6 in Escanaba. He is survived by his parents, three sisters, Violet, Judy, and Susan, two brothers, Russell and Leslie, his grandmother, Mrs. Maria Latvala, and grandparents, Mr. and Mrs. Arnold Drukenmiller Sr., all of Trenary. Bowerman's Funeral Home were in charge of the arrangements. Out of town relatives present were

Speedy Recovery Demonstrated By GM After Disaster

DETROIT (AP)—How do you get back into production, fast, if your plant is knocked out by fire, earthquake—or flattened by enemy bombers?

Some practical experience in plant rehabilitation under extreme conditions is being gained these days by General Motors.

On Aug. 12, at GM's big Livonia automatic transmission plant, a spark from a welder's torch fell into a pan filled with oily liquid.

When the flames died down the huge modern plant looked as if it had been smacked by a block buster.

Loss 50 Million

Production of GM's Hydra-Matic transmission units was wiped out. Expensive tools, jigs and dies used

in making the gear-shifting device were buried in rubble. Damage was estimated at 50 million dollars.

Some 38,000 workers were laid off—6,000 at Livonia plus 32,000 who assemble GM cars equipped with Hydra-Matic. The Cadillac plant in Detroit shut down tight, laying off 8,500.

Cutbacks and layoffs were the order of the day at other GM plants across the country.

The disaster confronted GM with a probable loss this year of 50,000 to 75,000 units of car output.

To meet the challenge, the company responded with one of the biggest rehabilitation operations in industrial history. Its objective: to restore Hydra-Matic output in full

volume in less than 90 days.

Tools Salvaged

With Harlow H. Curtice, president, at the helm, GM's top brass swung into action.

They marshaled a huge force of workmen, trucks and cranes. Some 3,300 machine tools were hoisted out of the ruins. An old Hydra-Matic plant in Detroit was hurriedly re-opened. Space was rented from Kaiser Motors in the former bomber plant at Willow Run.

The least damaged of the machine tools were moved directly to Willow Run.

Tools needing regrinding and other reconditioning were farmed out to 176 different machine tool building shops.

One major step in the rehabilitation was to "borrow" automatic transmission units of the non-Hydra-Matic type from GM's Chevrolet and Buick divisions.

Chevrolet and Buick, GM's two top sellers, use torque converter transmission. Starting next week, when the Detroit Cadillac plant resumes production, Buick's Dynaflo will be installed in Cadillac models instead of Hydra-Matic. Oldsmobile will be back in pro-

duction soon thereafter, also with Dynaflo, while Pontiac models will use Chevrolet's Powerglide.

The cost of this huge rehabilitation effort? There's been no official estimate yet, but it obviously will run into millions of dollars. The Livonia plant probably will be rebuilt. Best guess is that it will be back in production in a year.

One question still to be answered is whether GM will once again put all its eggs into one basket and concentrate its entire Hydra-Matic production in a single plant. Certainly, the "super-plant" theory makes for efficiency, as against dispersal of operations in several plants. What happened to the Livonia plant last month was the last thing anybody in GM expected.

FIRST U. S. STAMP

The first adhesive postage stamp in the United States was issued in 1842 by the semi-official "City Despatch Post" of New York City for local carrier delivery, according to the Encyclopedia Britannica.

Rebuilt Tel-Aviv Urged By American Planner

TEL-AVIV (AP)—Two thirds of Tel-Aviv should be rebuilt according to Mr. Aharon Horwitz, an American town planner, who after a two years' study of the problem has submitted his proposals to the municipality here. The rapidly growing 43-year old city which contains today—together with

neighboring Jaffa—350,000 inhabitants, needs a thinning out of some of its residential areas, wider streets and more recreation grounds. Mr. Horwitz declared. He asserted that his plan could be executed within 20 years after which Tel-Aviv-Jaffa might well provide housing for 500,000.

New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Fair Store.

Holiday Mishaps Take 572 Lives

(By The Associated Press)
At least 572 persons lost their lives in accidents during the nation's Labor Day weekend, but traffic took fewer lives than the pre-holiday estimate.

A survey today showed 403 traffic deaths for the period between 6 p. m. local time Friday and midnight Monday, compared with a prediction of 440 by the National Safety Council.

During the 78-hour holiday period there were 70 drownings, ninety-nine persons died in other types of accidents—including 18 victims of a tenement fire in Chicago.

Commenting on the traffic toll, Ned H. Dearborn, president of the council, said "A toll of 403 lives is a tragic price to pay for celebrating a holiday, but, in view of the fact that the traffic volume was up, and this Labor Day toll is the lowest in three years, some progress has been made."

The council estimated that 40 million automobiles used the nation's streets and highways during the 78-hour weekend period. Near perfect weather in most parts of the nation helped to make it a mobile holiday.

Last year's Labor Day toll from accidents was 558, of which 431 were traffic deaths.

Nevada, North Dakota and the District of Columbia reported no deaths.

Services Held For Mrs. Myrtle Tilbert

Funeral services were held this morning at 9 in St. Patrick's Church for Mrs. Myrtle Marella Tilbert, 65, a longtime Escanaba resident who died Saturday afternoon at 4:40.

Mrs. Tilbert, widow of Harry F. Tilbert, was born May 30, 1888, in Powers, Mich. For many years she and her husband were in the restaurant business in Escanaba.

She is survived by a son, Basil, of Escanaba; and by a daughter, Mrs. Harold Reynolds, Marquette. A brother, Henry Nor, also survives, as do three sisters, Mrs. Joe Doremire of Midland, Mrs. Charles Badger of Midland, and Mrs. Hattie McCarthy of Detroit. Also surviving are four grandchildren.

Father Francis A. Hollenbach, assistant pastor of St. Patrick's Church officiated at services this morning. Burial was in the family lot at Gardens of Rest.

Personals
Mr. and Mrs. Friedolf Johnson of Chicago are spending the holidays at the home of Mr. and Mrs. Andy Anderson, Jerry Miller of Chicago returned to her home Friday after spending 3 weeks visiting Delores Anderson.

Hornsby's Secretary Plunges Three Floors To Death In Chicago

CHICAGO (AP)—Rogers Hornsby, manager of the Cincinnati Redlegs, went to the Cook County (Chicago) morgue today to attend an inquest into the death of a woman he described as his personal secretary.

The body of the woman, identified by police as Mrs. Bernadette Ann Harris, 55, was found outside the Fleetwood Hotel at 6026 Winthrop Ave. Monday. She apparently had plunged from her third floor apartment.

Hornsby told newsmen Mrs. Harris was a "good personal friend of mine."

He said she had been his personal secretary since 1945.

Hornsby said he last saw Mrs. Harris Sunday in Chicago at a doubleheader between the Redlegs and the Chicago Cubs.

A lady if she had been ill, he said she had been complaining and had been going to see a physician.

Giant French Liner Liberte Stuck In Mud

LE HAVRE, France (AP)—The 5,320-ton French liner Liberte, ran aground in a heavy fog today just after leaving this English Channel port with 1,075 New York-bound passengers.

The giant luxury liner, formerly the German ship Europa, which was awarded to France as reparations in 1946, was stuck in mud and sand. Three tugs immediately went to its side.

French line officials said they thought the ship could be refloated at high tide about 7 p. m. (1 p. m. CST), tonight.

There was no immediate indication, however, whether the ship had or had not been damaged and whether it would be able to continue to Southampton, England, to pick up more passengers for the Atlantic voyage.

JEAN FORD, 15, AND NANCY WAY, 16, both of Cornell, in Delta county, were winners with their demonstration of Marketing Quality Eggs at the 38th annual State 4-H Club Show at Michigan State College. (MSC Photo)

Bonn Tightens Up Armed Alliance As Adenauer Wins

(Continued From Page One)

complete calm, left the extreme right (the neo-Nazi German Reich party) and the extreme left (the Communists) without a seat in the Bundestag.

Big Three Relieved
More than 86 per cent of the 33 million eligible voters went to the polls.

The West hailed the triumph of Adenauer's forces with obvious relief and pleasure. Official statements from Washington, London and Paris expressed "great satisfaction."

The Russians, who had asserted that Adenauer's re-election would endanger peace, had little initial comment except to claim via Moscow radio that the voting was "held in an atmosphere of constant terror by the Adenauer police."

HELPED BY DULLES
FRANKFURT, Germany (AP)—A leading West German newspaper said editorially today that the pro-Adenauer plea made by U. S. Secretary of State John Foster Dulles helped rather than hurt the Bonn Chancellor's vote bid for re-election.

"As far as it is possible to look into the hearts of the voters, one can say today that those alarming articles in the foreign press which followed Dulles' plea were based on a complete misapprehension of the emotional situation in Germany," the conservative Frankfurter Allgemeine Zeitung said.

"Two grave defeats have made disappear the old irritable nationalist feeling. It has been replaced by cool and sober thinking which very highly esteems America's power and likes to see Germany near such a strong ally."

"In addition, of all foreign countries the United States is still relatively the most popular one in Germany because it is believed to be the most benevolent toward the Germans."

"Out of such considerations, millions of people probably did not resent the intervention of the American foreign secretary but were rather strengthened in their decision to vote for the Chancellor."

The Wiesbaden Kurier had another point of view.

"This Germany is different from what it was believed to be abroad," the paper said. "The re-education did not come from abroad and came without Dulles. It came from within the depths of the German heart."

Miss America Parade Begun By 52 Beauties

ATLANTIC CITY, N.J. (AP)—A parade of pulchritude today gives boardwalk strollers their first glimpse of each of the 52 beauties seeking the "Miss America of 1954" crown.

The boardwalk parade will display each contestant on a special float as 19 bands marching alongside provide brassy fanfares.

But the real grind for the girls doesn't get under way until Wednesday night when they start matching curves and talent on the stage at Convention Hall.

It will all be over Saturday night with one of the beauties winning the crown, plus a total of about \$50,000 in personal appearance fees, scholarships, endorsements, wardrobe and a car.

Radio In Red

LONDON (AP)—Britain's state-sponsored broadcasting system announced today that it went in the red 759,610 pounds (\$2,126,908) last year giving Britons radio and television without commercials. Britain has no commercially-sponsored radio or television stations.

Death Takes Couple

CALUMET (AP)—Frederick Sanderson of Laurium died of a heart attack Monday at the age of 69. Barely four hours later his wife Hilda, 64, died of pneumonia. They had been married for 35 years.

Hurricane Puts Ship On Sandbar

BOSTON (AP)—The 3,500-ton Panamanian freighter Evgenia, driven aground in hurricane-lashed seas, rode a sand bar at the tip of Cape Cod today while her captain and six seamen waited for rescue tugs to pull her free.

Seventeen others were rescued by Coast Guardsmen—13 by breeches buoy over 20-foot combbers and four more by an amphibious duck—after the 225-foot vessel piled up on dreaded Peaked Hill Bar Monday in gale winds and boiling seas.

Tugs were expected to reach the scene from Boston in time to attempt pulling the Evgenia off at the noon high tide.

The force of the hurricane did not reach much of New England. Nantucket Island, closest to the big blow, was swept with 50-mile winds as was the northern coast of Maine.

The hurricane veered away from Nantucket Monday morning and headed across the Gulf of Maine. Nova Scotia was hardest hit but New Brunswick and Prince Edward Island got fringe winds that broke down trees and cut power and telegraph service.

The storm was expected to move east of Newfoundland today.

Joseph Goodman Named To Mink Marketing Board

Appointment of Joseph Goodman of Kipling to the marketing board of the Great Lakes Mink Association was announced today.

Edward Leishaw, business secretary of the Great Lakes Mink Association, advised Goodman of his appointment at a recent meeting of the board of directors in Milwaukee. There are 16 members of the marketing board in the United States.

Goodman, a local mink rancher and treasurer of the Upper Michigan Mink Breeders Association, has been raising mink in this area for about eight years. He has for several years been a member of the Great Lakes Mink Association, which is an organization which promotes and sells dark mink pelts. He will be their representative in the Upper Peninsula, and will be called upon to attend auction sales of pelts in New York City.

Perkins

Wedding Anniversary
PERKINS—A group of friends of Mr. and Mrs. Gus Kline Jr. gathered at their cottage at Garth Shores Wednesday evening to help them celebrate their 14th wedding anniversary. Guests were Mr. and Mrs. Arthur Stevenson Sr., Mr. and Mrs. Clayton Norden, Mr. and Mrs. Leo Godin, Miss Mary Ellen Godin and Miss Sylvia Gerou, of Perkins; Miss Sally Gorman, Mendota, Ill.; Miss Mary Helen Williamson, Cookville, Ill.; and Miss Marie Mosier of Perkins.

Wall Street

NEW YORK (AP)—The stock market headed higher today after a three-day recess for Labor Day. Gains as well as losses were generally held to the smaller fractions with many leading issues unchanged.

Trading pace was better than Friday's extremely low 770,000 shares, but it held well under the million mark.

Railroads were higher for the most part as were utilities, copiers, oils, rubbers and chemicals. Higher stocks included Santa Fe, New York Central, American Telephone, Phelps Dodge, U. S. Rubber, International Nickel, Allied Chemical, United Aircraft and Westinghouse Electric.

Lower were Chrysler, Youngstown Sheet & Tube, Boeing, Admiral, Corp. and American Tobacco.

U. S. government bonds were steady.

Dysentery Cause Is Found; 10 New Cases Are Reported

The Department of Health laboratory at Powers found four positive stool specimens in a total of 36 submitted to determine cause of acute dysentery among Indians at Wilson and Hannahville, Dr. William G. Harrison, Delta-Menominee District Health director, reported today.

The stools indicate that the dysentery is caused by the Flexner bacillus, Dr. Harrison said. Flies are intermediate carriers of this type of germ and lack of proper toilet hygiene contributes to its spread, the health director said.

The tests at Powers indicate "we have a focus of infection" and persons with positive stools will be instructed by the health department nurse assigned to that area, Dr. Harrison said. They also will be treated by Dr. Nathan J. Frenn of Bark River.

The Indians found to have positive stools are not sick, Dr. Harrison said today.

Bacillary dysentery due to the Flexner bacillus is not common, but a few years ago two Shingletown youngsters died from it, Dr. Harrison reports.

Since the outbreak of dysentery among the Potawatomi Indians, one death has resulted and more than 30 persons were afflicted.

Saturday, 10 more new cases were reported, Dr. Frenn states, and an additional case, Richard Philemon, 5-month-old son of Mr. and Mrs. Ellwood Philemon, was hospitalized. Nine of the Levi Sagataw children are in St. Francis Hospital here and will be dismissed tomorrow. Another child in the family of 10, Anita Sagataw, died of the disease.

Sen. McCarthy To Be Used In 1954 Campaign

(Continued From Page One)

paign outnumbered by the Democrats in the Senate. Not counting Sen. Morse (Ind.-Ore.), the count would be 48 Democrats and 47 Republicans if Gov. Frank Lausche of Ohio appoints a Democrat to succeed the late Sen. Robert A. Taft.

But GOP campaign committee officials say they're optimistic about retaining Senate control in next year's election.

Williams May Run
They regard Kentucky and Michigan as danger areas for them. Sen. Cooper (R-Ky.) will be battling against what has often been a Democratic trend in Kentucky in nonpresidential years.

Ferguson, who heads the Senate Republican Policy Committee, may face a Democratic challenge from Gov. G. Mennen Williams, who proved his vote-getting ability by winning re-election last year when Michigan was giving Eisenhower a 320,000-vote margin in the presidential race.

Outside of the five Democrats against whom they plan to wage their most vigorous campaigns, the Republicans have listed Democratic Senators Kerr of Oklahoma and Anderson of New Mexico for attention, with some hope of winning their seats.

Rain Dumps Frogs On Leicester, Mass.

LEICESTER, Mass. (AP)—The rains came—and frogs too. A downpour soaked this central Massachusetts community west of Worcester Monday and afterwards thousands of frogs were found scattered for a mile on Paxton avenue.

There were almost as many explanations as frogs.

One popular guess was that they were carried aloft by 50-mile winds accompanying an offshore hurricane. But Weather Bureau men scoffed. And townsfolk laughed at another popular theory that a pond had overflowed in the rain and washed the frogs onto the road.

Salable cattle 12,000; salable calves 400; two loads prime 1,175 and 1,275 lbs. steers \$20.75 to \$20.90; bulk choice and prime \$24.00 to \$27.75; high-commercial to low-choice \$17.50 to \$23.50; choice and prime heifers \$23.00 to \$26.00; load prime mixed yearlings \$26.50; good to low-choice heifers \$17.00 to \$22.00; utility and commercial cows \$9.75 to \$12.00; bulk canners and cutters \$8.00 to \$9.50; utility and commercial bulls \$10.50 to \$13.50; commercial to choice vealers \$14.00 to \$20.00; cull and utility largely \$7.00 to \$13.00.

Salable sheep 3,000; good to prime spring lambs \$16.00 to \$19.50, including around five loads choice and prime 80 to 45 lb. U. S. lambs at \$19.50; native spring lambs \$18.50 down; most cull to low-good grades \$10.00 to \$15.00; few lots cull to choice slaughter ewes \$4.00 to \$6.00.

Personals

Mr. and Mrs. Gust Dahl and children and Mr. and Mrs. John Kolb and children left today for their home in Milwaukee after spending the Labor Day weekend with Mr. and Mrs. Herman Gregoire, 610 S. 19th St.

Mr. and Mrs. Lester Saunders and children of Milwaukee spent a few days with Andrew Dahl of Bark River.

Mrs. Eugenie Lacosse and Eugene Lacosse of Manitoba, Canada arrived Sunday to spend their vacation with Mr. and Mrs. Herman Gregoire, 610 S. 19th St. Mrs. Lacosse is a sister of Mrs. Gregoire.

Mr. and Mrs. Merrill C. Johnson who spent a two weeks' vacation at their cottage at Garth Shores and with members of Mr. Johnson's family, the Charles G. Johnsons, returned to their home in Milwaukee yesterday.

John Jewell Trotter, son of Mr. and Mrs. John M. Trotter, 627 S. 9th St., left Sunday for Houghton where he will enroll at the Michigan College of Mining and Technology.

Nick A. Kessler of Muskegon spent the holiday weekend at his cottage at Garth Shores and also visited his brother and sister-in-law, Mr. and Mrs. T. F. Kessler, 510 S. 8th St.

Mr. and Mrs. E. H. Clark who visited over the weekend with Mrs. Clark's mother, Mrs. Charles H. Bisdee, 815 S. 10th St., returned to their home in West Bend, Wis., Monday.

Mr. and Mrs. Steve Beggs left Monday afternoon for their home in Milwaukee following a week-end visit with the John F. Bolgers and the Stanley Beggs family.

Mr. and Mrs. Tom Donnelly, Sullivan, Ind., and Dr. Robert W. Donnelly, Chicago, Ill., are guests at the Harvey home, 702 2nd Ave. S.

Miss Joan R. Nelson returned Monday to Moline, Ill., where she is a second year student at Lutheran Hospital after spending a month's vacation at the home of her parents, Mr. and Mrs. N. E. Nelson, 1412 7th Ave. S.

Mr. and Mrs. Ralph Kennedy, 315 N. 18th St., are in Rochester, Minn., where Mr. Kennedy submitted to surgery at the Colonial Hospital.

Mrs. John Gillespie and Jack and Janice, left Hoyt Bolinger and Dave Boldia left Monday to return to Detroit after spending a week here with Mr. and Mrs. Emil Derouin, 703 Stephenson Ave., and with other friends.

Mr. and Mrs. Joseph Beringer and Miss Marilyn Auskis have returned to Milwaukee following a weekend visit with Mr. and Mrs. John Auskis, 944 Stephenson Ave. Both Mrs. Beringer, the former Patricia Auskis, and Marilyn are daughters of the Auskises.

Mr. and Mrs. Leland F. Gardard and children, Barbara, Ste-

GRADUATE—Miss Mary Groos, daughter of Dr. and Mrs. Louis P. Groos, 1015 1st Ave. S., will be graduated from the College of St. Catherine, Department of Nursing in St. Paul, at commencement exercises this afternoon. Mary received a bachelor of science degree from St. Catherine's this past June.

phen and Jeffrey left Saturday for Detroit where they will make their future home at 3429 Berkshire Road.

Ken Gunderman Jr. returned to his home here after a 10-day visit with friends and relatives at Ann Arbor and Holland.

Lt. Col. Leonard C. Ward of Escanaba and Major Harry Beebe of Negaunee, officers of the 107th Engineer Combat Battalion, Michigan National Guard, attended the 32nd division reunion in Milwaukee this past weekend. The 107th served with the famed 32nd Red Arrow division in World War I and II.

Miss Lois Lemke and her guest, John Kusnier, motored back to Milwaukee Monday after spending Labor Day weekend at the home of her parents, Mr. and Mrs. Karl Lemke, 1513 2nd Ave. S. Also guests at the Lemke home were Mr. and Mrs. Lance King and family of West Allis, Wis.

Lawrence Metor has returned to Kenosha, Wis., where he is employed, after spending the week-end with his parents, Mr. and Mrs. Alex Metor, 115 N. 10th St. He was accompanied by a friend, Wilbert Iverson, of Kenosha.

Mr. and Mrs. Albert Noyes and sons, Ricky and Jimmy, left Sunday to return to Indianapolis, Ind., following a visit here at the home of Mrs. Noyes' father, Marko Rodman, 1603 N. 18th St., and at the George Shomin home, 1430 N. 18th St. They came to Escanaba for the wedding Saturday of Miss Janis Bergman and George Rodman.

Mr. and Mrs. Dan Shuptr and son, Michael James, returned today to Philadelphia after visiting with Mrs. Shuptr's parents, Mr. and Mrs. Mike Farrell, 920 Sheri-

dan Road. Mrs. Shuptr, the former Jean Farrell, spent the summer months here, and Mr. Shuptr visited here over the holiday weekend.

Miss Carol VanAsselt of Royal Oak, Mich., is a guest of Gerald Gleich at the home of his mother, Mrs. Agnes Gleich, 912 2nd Ave. S. They will return Sunday to the University of Michigan where Miss VanAsselt is entering her senior year in the music school, and Mr. Gleich will enter his sophomore year in the medical school.

Mrs. Leo Laviolette Sr., 401 S. 11th St., has been dismissed from a hospital in Belle Fourche, S. D., and now is convalescing at the home of her mother, Mrs. Nick Zigganto, Sturgis, S. D. Mr. Laviolette has returned to Escanaba and their daughter, Dolores, is remaining in South Dakota with her mother. The condition of Mrs. Laviolette is reported good.

Mr. and Mrs. Roy Thorin and sons Terry and Jon returned to Milwaukee Monday following a 10-day vacation visit at the home of Mr. Thorin's parents, Mr. and Mrs. Victor Thorin, 318 S. 14th St.

Miss Barbara Buscher returned today to Washington, D. C. after visiting during the summer months with her sister and brother-in-law, Mr. and Mrs. Kemp Sabourin, 1309 55th Ave. S.

Mrs. Tom Harris, 500 Ludington St., left today for Chicago where she will visit with Mr. and Mrs. G. R. Webster and her two sisters, Mrs. Lulu Scott and Mrs. Kelly Johnson. Mrs. Harris will remain there three weeks.

William Callender today returned to Chicago after visiting the past two weeks with his aunt, Miss Mary Dowling, at the House of Ludington.

Mr. and Mrs. Antone Falkels and daughter, Mary Ann, returned to Chicago today after visiting with Mr. and Mrs. Fulgenz Falkels of Cornell for the past 10 days.

Miss Nedra O'Hanley returned to Chicago today after visiting the past ten days with Ann LaVallee at the home of Mr. and Mrs. Alfred LaVallee.

Mrs. Ida Valind, a former Escanaba resident, returned to Toledo today after visiting friends and relatives here and at Marquette the past month.

Mrs. Ruth Kunsman left today for St. Paul, after visiting with Mrs. Carrie Seymour, 925 S. 9th St., over the Labor Day weekend.

Mrs. Anna Gunville, a former resident of Escanaba, returned today to TTwo River, Wis., after visiting with her daughter and son-in-law, Mr. and Mrs. Joe

Hirn, 230 N. 21st St., and with her son, Oliver Borden, over the holiday weekend.

Mr. and Mrs. Willard Brazeau of Chicago are visiting at the home of Mr. Brazeau's aunt and uncle, Mr. and Mrs. Joseph Hirn, 230 N. 21st St. The Brazeaus stopped enroute on a tour of Upper and Lower Michigan.

Gordon Edwin returned today to Chicago after spending several days at the Blue Roof Cabins with his parents, Mr. and Mrs. James Gordon, also of Chicago. The Gordons will return to Chicago by auto, and they will stop enroute at Menominee.

Mrs. E. C. Lourey of Gladstone left today for Oakland, Calif. She will spend the winter months visiting with her sister, Mrs. Minnie Ainsworth of Richmond, Calif., and with other relatives.

Mr. and Mrs. Donald S. Cyr and family left today for Green Bay where they will make their home. The S. Cyrs formerly lived at 522 S. 7th St.

Peter Brunette, son of Mrs. Hilda Brunette, 1218 Stephenson Ave., left today for Rockford, Ill. where he will be employed.

Dick and Jack Danielson, sons of Mr. and Mrs. L. A. Danielson, 202 S. 3rd St., returned to Ann Arbor today. Dick will enter his senior year at the University of Michigan, and Jack will attend the U. of M. graduate school and also will teach French at the University. They spent three weeks with their parents before returning to school.

Pat Farrell, former Escanaba resident, was a guest over the weekend of Miss Judy Shaw at the home of her parents, Mr. and Mrs. Thaxter Shaw, 601 Ogden Ave. Pat returned today to the University of Michigan where he will enter his senior year. He was accompanied by Miss Shaw, who will enter her senior year at Western State at Ypsilanti.

Al/c Don Aschland returned yesterday to Scott Field, Ill., after visiting over the Labor Day weekend with his parents, Mr. and Mrs. Marcell Ashland, 613 S. 12th St.

Bread Up One Cent

DETROIT (AP)—A one-cent increase in the wholesale price of Wonder Bread was announced today by Continental Baking Co. The increase to 18 cents per loaf was made in the Detroit and Pontiac areas.

Tradition has it that a broad skull is linked to aggressiveness, leadership and sociability and a narrow skull with intelligence.

Sen. Ferguson Stumps State; Does Good Job Of Mending Fences

By JACK I. GREEN
 LANSING (P)—U. S. Senator Homer Ferguson R-Mich. seems to have reversed the political thinking of 1953 and cinched the chance to seek another term in 1954.
 Ferguson has been diligently stumping Michigan in the hot late summer, mending his fences and doing his best to quiet the talk that he can't be re-elected.
 Politicians seem to be agreed that the silver-haired senator has done a pretty good job of fence-mending and that he can have the nomination again next year if he wants it.

Stock Goes Up
 What's more Ferguson and his friends, including party leaders, have pretty well smothered the gossip that he would be kicked upstairs to get him out of the race next year.
 Advised by spiteful reporters that Ferguson's stock appears to be rising again, a Democratic spokesman cracked "well, it could."

Indians Pioneer Tropic Islands

WASHINGTON—Teeming India has found an outlet for part of its overflow population — the tropical Andaman Islands, 700 miles south of Calcutta in the Bay of Bengal.
 Under a new five-year, \$10,000,000 development plan, the Indian Government hopes to settle 20,000 persons—some 4,000 agricultural families—on the fertile island chain that once served as a penal colony, the National Geographic Society says. Hindu refugees from Pakistan's East Bengal Province have first priority.
 Already more than 400 families have moved to the new settlement. Transportation, 10 acres of land, housing materials, seeds, and farming implements have been furnished free to each family. Thousands of acres of forest land have been cleared. Rice, sugar cane, corn, citrus fruits, tea and coffee are being cultivated.
 Apportioned to the Union of India in the 1947 partition, the 204 Andaman Islands have an area of 2,508 square miles, slightly larger than the State of Delaware. The Indian Government envisions thriving fisheries, cattle and poultry breeding, and furniture and shipbuilding industries in future years.

Defense Cutbacks Give Industries Shrinking Pains

By SAM DAWSON
 NEW YORK (P)—Shrinking pains are replacing growing pains as American industry adjusts to the shifting defense program.
 Business now is beginning to assess the effects of the Korean truce. The cease-fire scarcely rippled the stock and commodity markets at the time. But with the cold war getting back into its old pattern of world tension and name calling at conferences, uncertainties are growing. And uncertainties upset markets.
Treasury Needs Money
 The defense program scrambled the business world pretty thoroughly two years ago. Now that Washington is cutting back defense plans here, stretching them there, revamping them somewhere else, many companies directly involved are having to take a second look at their plans.
 Washington is moving today on three fronts: Cutting back orders or stretching out delivery time for war material; slowing down its spending for a stockpile of essential materials; putting the brakes on industrial expansion formerly pushed as a means of preparedness for war.
 Economy may not be the primary goal. And cutbacks may not be large. But the immediate by-product is to save the U.S. Treasury some dough, just now when it needs to save so badly. The public debt is just about within 1½ billion dollars of the legal limit of 275 billion dollars.
Some May Benefit
 Savings are coming, however. The cease-fire will save the treasury about one billion dollars this fiscal year, in ammunition, aviation gasoline, lost planes.
 The Air Force announces it is cutting back its production program by about 750 million dollars at this time. Aircraft makers are having to change their programs to meet the shifts in Air Force plans.
 Producers of such raw materials as the office of defense mobilization has been buying up for the strategic stockpile are on notice today that the government isn't going to be buying some as fast as formerly.
 Some manufacturers may benefit from this slowdown in stockpiling, since those who use for

it have gotten any lower.
 That Democrat voiced what a lot of Republicans felt earlier this year. The GOP buzzed with reports that Homer couldn't be re-elected, that he would be appointed to some cushy and dignified federal post to save his face. That would leave the way clear for a more vigorous candidate who might have to take on Gov. Williams in 1954 for the senatorship.
 There was a period of apparent indecision in the Republican councils and then the high command moved to turn the tide.

Gets Better Play
 Arnold J. Levin, the press chief for the State Central Committee, was sent to Washington, D. C., to look over Ferguson's publicity machinery. Whether Levin was responsible or not, Ferguson's name began to get better newspaper play.
 Then Ferguson, probably with a little nudging, came back to his home state in the off-year and stumped like a live candidate.
 The word in informed circles now is that Ferguson did himself a lot of good, that there is little talk of dumping him and that his re-election next year will be backed by somewhat the same moneyed, hard-hitting crew which elected U. S. Senator Charles Potter last year.
 The GOP is not unmindful of what a scrap this may mean if Williams decides to run for the senate. But it seems committed to the scrap and determined to go through to the end with all it has.
 Some idea of the task ahead can be had from an incident related recently by a Republican observer.

Williams Not Shy
 This observer said he attended a banquet—rally outstate for Ferguson this summer. A crowd of party loyalists was gathered in the lobby exchanging shop talk until the soup was on. He said Ferguson arrived, walked straight through the crowd without a word of greeting and ascended to the speaker's platform.
 Next, according to the story, a Republican big-wig was returning from Washington by plane. When he landed at Willow Run Airport, he took his place in line in the plane and slowly worked his way out the door. There at the door was Gov. Williams, shaking the hand of each descending passenger and yelling: "I'm Governor Williams. Welcome to Michigan. I'm Governor Williams. Welcome to Michigan. I'm Governor—"
 Williams, it appears, had been on the plane, beat it to the door when it landed and took a few minutes to pick up a few votes.

MARLENE BOINTEK, 16, BARK RIVER from the heart of Michigan's Upper Peninsula potato producing area chose making potato chips as her demonstration to present at the State 4-H Show at Michigan State College. It was effective enough to win her first honors in state competition in the class for garden demonstrations—although she brought the garden right into the kitchen. (MSC Photo)

Merrill, Wis., Officer Describes His Forced Broadcast For Reds

INCHON, Korea (P)—An artillery major said he made the first American prisoner of war broadcast from Seoul to save 72 fellow American POWs from the threat of Communist execution.
 Maj. Ambrose N. Nugent, 42, of Merrill, Wis., was captured on July 5, 1950—the first day American forces saw action in the Korean War.
 He returned to freedom Tuesday, his 215 pound frame shrunk to 140 pounds and his hair turned almost white after 38 months of Red captivity.
 After his capture, Nugent an Air Force lieutenant, an Army lieutenant and three American sergeants were taken to Seoul and told to make recordings of two documents to be broadcast over Seoul radio.
 Nugent said a Red officer gave the group 10 minutes to decide on making the recording.
 "They said they would shoot the

whole 72 American prisoners gathered there and while we sat in the room they marched the whole 72 down the corridor past our window.
 "We decided it was best to make the recording although we knew we would likely be executed even after making it. . . . It was about 10 minutes in length and contained a castigation of the United States Truman and Dulles — the usual Communist line."
 In 1950, Scotland had one house for every 3 2-3 persons.

Clergy Salaries Falling Behind

NEW YORK (P)—The clergy is "one of the poorest paid professions in the world's richest nation," the National Council of Churches said.
 Ministers' salaries have been falling slowly behind the rising cost of living, the council said, while pay of other professions has been moving ahead of living costs.
 Reporting the results of a survey the council said the purchasing power of Protestant clergymen has dropped 12.8 per cent in 12 years.
 On the other hand, purchasing power of factory workers has gone up 42 per cent, of service trades employees, 33 per cent and government employees, 24.9 per cent, in the same period.
 "The plight of the clergyman today is painfully obvious when his earnings are compared with others," said Dr. Benson Y. Landis, associate director of the council's research and survey department.
 "Many a minister can only struggle to get along as best he can, hardly understanding why his parishioners were faring so much better than he."
 Landis based his findings on pay and living costs for the clergy, as compared to other jobs, for the years 1939 and 1951.

Youths Leave Names At Scene Of Crime

DOVER, Ohio (P)—Tip to the youngsters: If you must leave a mark in wet concrete, don't make it your autograph. The Juvenile Court judge lowered the boom on three teen-age boys the other day. They readily admitted they not only wrote their names on the newly poured cement surface of a street but did a lot of tramping around, leaving two-inch deep footprints.
 The judge called it malicious destruction of property and assessed them a total of \$10, the cost of refinishing the cement.

Army Officers To Get Liquor

WASHINGTON (AP)—For the first time in more than half a century, the Army is going to allow liquor to be sold by the drink and by the bottle to commissioned officers at open messes.

A directive from Maj. Gen. William E. Bergin, adjutant general, says the new system will bring the Army into line with the practice already observed by the Navy and the Marines and soon to be adopted by the Air Force.

Sales of liquor will be restricted to persons over 21 and the new regulation says:

"Commanders will encourage abstinence, enforce moderation, and punish over indulgence."

Bergin added the Army believes the new privileges "will, if used with moderation and restraint, serve to enhance the morale of all concerned."

Until now, as a result of a 1901 law banning the sale of whisky on Army posts, the practice has been to allow drinking only from bottles owned privately by officers and NCO's and kept in lockers in such places as officers club.

County Governments \$4,049,846 In Red

LANSING (AP)—Michigan county government ran \$4,049,846 in the red in 1952. Aud. Gen. John B. Martin reported.

This, despite \$13,115,000 worth of additional revenue over the preceding year.

SGT. GERALD E. ROBITAILLE, son of Mr. and Mrs. Emil Robitaille, 213 Stephenson Ave., returned home Thursday night after spending 15 months in Korea. Gerald is the sixth son of the Robitailles to serve in active duty. Four were in World War II. Another was in the Korea War returning home a year ago. Gerald received his discharge Sept. 2 at Camp Carson, Colo. He entered service in November of 1951 and received his basic training in the Medical Corps at Ft. Meade, Md., and at Percy Jones Hospital, Battle Creek. He received the Korea service medal with three bronze stars, the United Nations service medal, combat medal badge and defense service medal.

Chicagoans Propose To Improve Sad Sag; Dream Of Seaport

By WILLIAM FERRIS
CHICAGO (AP)—A tantalizing dream of Chicago as a great seaport has inspired its businessmen to campaign for a congressional appropriation to improve "the sixteen sad miles of the Calumet-Sag."

The dream embraces more than the Chicago area. In it are visions of a further boom in the great Mississippi Valley territory, particular along the inland waterways.

Those 16 sad miles are the Calumet-Sag channel, a tiny canal in the link between Lake Michigan and the Gulf of Mexico. It was built between 1911 and 1922 to handle sewage, not boats.

As a waterway, the Calumet-Sag can be said to lack glamor, although open to traffic. Its dirty, sticky course is southwest of Chicago's city limits. Traffic moving by water up the Illinois-Mississippi waterway goes through the Calumet-Sag to get into Lake Michigan.

This route leads to the great

steel and industrial area at the southern end of Lake Michigan—Gary and Indiana Harbor in Indiana and Calumet Harbor in Illinois.

There's no alternative route into Lake Michigan through the Chicago River. But that's inadequate too. This river has a twisted channel and cuts through a busy section, of Chicago just west and north of the Loop, where it's straddled by heavily travelled bridges.

So, the businessmen want the Calumet-Sag channel widened, Congress approved—at the recommendation of the Army corps of engineers—a federal Calumet-Sag navigation project in 1946. But it has never appropriated any money for the project.

Heading the Chicago group of businessmen is Wilfred Sykes, chairman of the finance committee of Inland Steel Co. He's been named chairman of the Chicago committee of the Mississippi Valley Association. This association describes itself as a non-profit or-

ganization to foster national policies for flood control, soil conservation, navigation and private power.

Squeeze For Barges

The Calumet-Sag channel ranges from 30 to 60 feet wide. Big barge tows coming up the Mississippi-Illinois waterway can not use it. The tows must be broken down into smaller segments and squeezed carefully through the channel.

Even so, traffic has expanded enormously. It totaled only 43,270 tons in 1935. Last year an estimated four million tons of freight moved over the Calumet-Sag.

If the channel is widened, the industrial leaders see traffic booming to around 18 million tons with in a few years.

The Mississippi Valley Association predicts a billion dollar expansion in the Calumet industrial area within a decade. It says this will bring many benefits to Chicago, Illinois and the Midwest. Immediate objective of the industrial leaders is to get Congress to appropriate 20 million dollars in the next federal budget to start work on the Calumet-Sag project. It is estimated total cost of improvements at today's prices would be more than 95 million dollars.

Baltimore Girl Is The Bride Of James S. Murphy

Now at home in Midland, Mich., following a honeymoon in the mid-west, are Mr. and Mrs. James S. Murphy, whose marriage took place at the Shrine of the Little Flower in Baltimore, Md. The bride is the former Marie A. Fuentelba, daughter of Mr. and Mrs. Manuel L. Fuentelba of Baltimore. Young Mr. Murphy is the son of Mrs. Mary Murphy, 305 S. 5th St., Escanaba.

The bride's gown was white organza and eyelet. She wore a fingertip veil and carried a cascade of white orchids and stephanotis.

Miss Catherine Delea was maid of honor and Mrs. Charlotte Jackson and Miss Kathleen Murphy, a sister of the bridegroom, were bridesmaids. The maid of honor was dressed in blue nylon net and carried a cascade bouquet of coral gladioli and baby breath. The bridesmaids wore coral nylon net and carried blue delphinium and baby breath.

John Bright served as best man. The ushers were Albert Pisanescu and Robert Miller.

The bride attended Notre Dame of Maryland College and was graduated from Loyola College in Baltimore. Her husband received his degree in chemical engineering from the Michigan College of Mining and Technology at Houghton.

Guests at the wedding included Mrs. Murphy and Kathleen, the Robert Deos, Miss Mary Lou Venne and Harold Beaton of Washington, D. C., and the Denis McGinnis of Escanaba.

Jewish New Year Opens At Sundown, Wednesday, Sept. 9

The Jewish New Year, Rosh Hashana, will be ushered in Wednesday evening, Sept. 9, at sundown. The holiday marks the beginning of the high holiday season which will be concluded with the Day of Atonement on Sept. 19. It is the beginning of the Jewish calendar year 5714.

The New Year has been traditionally known as the "Day of Memorial" since on this day men are to recall and review the events of the past year and attune themselves to the higher purposes of life during the year. It is on the "New Year" that men learn to "count their days" properly and thus resolve to apply their hearts into wisdom. Another designation for the New Year is the "Day of Blowing of the Trumpet." The ram's horn or shofar is blown to summon men to prayer and repentance. The ram's horn is heard in three distinctive tones in the synagogue on this day. It's trumpet call is a summons for Jews to return to the spiritual life, and to all that religion implies.

During these ten days of penitence, the religious Jew withdraws from all material pursuits and concentrates his thoughts to improving his relationship with his fellow man and the almighty. The ritual for this festival stresses the mercy and loving kindness of the eternal. It is written again and again, that the Heavenly Father does not desire the death of the sinner, but that he return from his evil way and live. Judaism holds that man can grow and mature through self-study, penitence and prayer.

In a period when the role of the individual is minimized, the New Year's festival speaks to man of the dignity and integrity of the human soul. It comes to rouse man from indolence and indifference and to serve under the banner of truth and justice, of security and peace.

The Rosh Ha Shono services this year, as has been in the past several years will be conducted by Dr. A. W. Soffer of Chicago, and will be held at Carpenter's Hall.

Births

Mr. and Mrs. Paul Smith of Yreka are the parents of a son born at St. Francis Hospital Sept. 6. The baby, whose name is Paul Lynn, weighed 7 pounds and 15 ounces.

A daughter, Norma Jean, was born to Mr. and Mrs. Robert Underwood of Turin Sept. 6 at St. Francis Hospital. The baby weighed 7 pounds and 15 ounces at birth.

Mr. and Mrs. Richard Larsen, 314 N. 20th St., are the parents of a son, Stephen Glen, who weighed 8 pounds at birth Sept. 6 at St. Francis Hospital.

Mr. and Mrs. Roy Boerschinger, 18 Highland Ave., Wells, are the parents of a son born at St. Francis Hospital Sept. 6. The baby weighed 8 pounds at birth. He will be christened Robert LeRoy.

Jeannette Justine is the name chosen by Mr. and Mrs. John A. LaPalm of Bark River for their daughter born Sept. 7 at St. Francis Hospital. The baby weighed 6 pounds and 5 ounces at birth.

Patricia O'Neill Is The Bride Of William Vachon

William Joseph Vachon claimed Miss Patricia Anne O'Neill as his bride in a ceremony Saturday, Sept. 5, at 9 a. m., at St. Anne's Church. The Rev. Clifford Nadeau solemnized the service at an altar adorned with bouquets of gladiolus.

The bride is a daughter of Mr. and Mrs. Robert A. O'Neill of 510 Cass St., Green Bay, former residents of Escanaba. Mr. and Mrs. Wilfred J. Vachon of 417 S. 14th St., are the bridegroom's parents.

Lace And Marquisette
The bride's gown of period lines was styled with a long bodice of Chantilly lace, a sheer yoke detailed with applique and cap sleeves. The lace was repeated in panels on the front of the full marquisette skirt and train. Matching Chantilly lace mitts completed the gown. The bride's fingertip veil of illusion was caught to a half bonnet of lace with pearl trim. She carried a cascade of white mums and carnations.

A ballet length gown of lavender nylon illusion was worn by Mrs. Lloyd M. Brown, matron of honor. Matching streamers of her garden hat were tied under the chin. Her bouquet was lavender mums and carnations.

Lloyd M. Brown served as Mr. Vachon's best man. Seating the guests were Donald Brazeau and William Doherty, brother-in-law of the bridegroom.

Reception At Dells
The wedding breakfast for 35 guests immediate family members and the afternoon reception for 300 guests were at the Dells Supper Club.

The newlyweds following a honeymoon at the Wisconsin Dells and in Illinois and Southern Michigan will live at 524 S. 7th St., in Escanaba.

Wedding guests included Mr. and Mrs. William Doherty, Miss Geraldine Scully and Harold Voy of Rockford, Ill., and Miss Mary Morton of Chicago.

the church, Helen Westerberg and Lois Hendrickson are program chairmen. The lunch committee is Ralph Hamilton, Don Swenson and Cliff Mattson.

Sundquist Family Holds Reunion At Pulaski Park

A reunion of the Sundquist family was held Labor Day at Pulaski Park in Bark River with 80 members of the family attending. A picnic lunch was served at 1 p. m. and games for the children were held in the afternoon.

Mrs. Herman Palmgren was in charge of the arrangements for the reunion which was held in honor of Mr. and Mrs. Harvey Sundquist of Tacoma, Wash., who were visiting at Bark River.

Those attending were Mr. and Mrs. Harvey Sundquist of Tacoma, Wash.; August Larson of Seattle, Wash.; Mr. and Mrs. Edwin Sundquist and son, Edwin, of Niagara, Wis.; Mr. and Mrs. Wesley Palmgren and Mr. and Mrs. Donald Palmgren and son, David, both of Chicago; Mr. and Mrs. Ralph Sundquist of Nadeau, and Mr. and Mrs. Gerald Grenfell and son, Billy, Mr. and Mrs. Earl Palmateer and daughter, Marilyn, and Mr. and Mrs. Ray Sundquist and daughter, Joyce, all of Escanaba.

Mr. and Mrs. Herman Palmgren and son, Elroy; Mrs. Jean Larson and daughter, Shirley; Mr. and Mrs. Marvin Palmgren and daughters, Sandra and Linda; Mr. and Mrs. Edgar Erickson and sons, Dale, Wayne, James and Verne; Mr. and Mrs. Art Sundquist and daughter, Charlotte, and sons, Spencer, Rodney and Francis; Mr. and Mrs. Ivan Sundquist and daughters, Donna, Jackie and Jill, and son, Louis; Mr. and Mrs. Elmer Sundquist and family, Sharon, Susan, Bob and Leonard; Mr. and Mrs. Adolph Wickstrom, all of Bark River.

Mr. and Mrs. Chester Good and daughters, Janet, Lois, Karen and

Choir Dinner At Guild Hall Thursday

The Senior Choir of the First Presbyterian Church will open its activities with a dinner in the Guild Hall Thursday, Sept. 10, at 6:30 p. m. Rehearsal will be held immediately after the dinner.

Today's Recipes

Here is another variety of oatmeal cookie. The recipe comes from Mrs. John Stratton of Stonington.

Oatmeal Cookies

1 cup sifted flour
1 teaspoon baking powder
1/2 teaspoon salt
3/4 cup shortening at room temperature
1 cup brown sugar
2 eggs
1 teaspoon vanilla
1/3 cup milk
3 cups rolled oats
Sift together flour, baking powder and salt into bowl, add shortening, sugar, eggs, vanilla and half of the milk. Beat until smooth, about 2 minutes. On an electric beater use medium speed. Fold in remaining milk and rolled oats. Drop from a teaspoon on a greased baking sheet. Bake in a moderate oven from 12 to 15 minutes. Add one 7 ounce package of chocolate chips when folding in the remaining milk and rolled oats if desired.

Bonnie, and sons, Bill and Art, and the Good's granddaughters, Janet and Lynn Bartoszek, of Perronville; Mr. and Mrs. Leslie Sundquist and daughter, Scharyn, and son, Gerald; Mr. and Mrs. Louis Kleiman and son, Tommy, and Mr. and Mrs. Oscar Erickson, all of Bark River.

Firemen Hold Picnic While Sirens Scream

DAYTON, Ohio (P)—The fire siren in nearby Harrison Township screamed and screamed and screamed and screamed. The township firemen didn't hear it. They were picnicking.

Their host had assured them he could hear the fire siren at his home. Too, he added, there was always the telephone. They even got a stand-in dispatcher to the regular dispatcher could go to the picnic.

Came the report of a grass fire. The temporary dispatcher tried the host's telephone. No answer. He tried the siren. Everyone in the township—except the firemen—heard it. To make it worse, the fill-in dispatcher couldn't get the siren turned off.

Finally, he got the firemen from the neighboring township to douse the fire. They reported: "No damage."

NOTICE TO BIDDERS The City of Escanaba proposes to sell to the highest bidder a parcel of land located at 1018 North 21st Street (commonly referred to as Highway US-2-41). The frontage of the land on said highway is 97.5 feet and the depth of the property is 117.5 ft. Improvements include water, sewer, paved street and a twenty foot alley.

This property is zoned for "commercial" purposes.

Condition of Sale: That a commercial building shall be erected on said land within a period of two years from the date of the deed.

Bids must be accompanied by a check payable to the City of Escanaba in the amount of ten (10%) percent of the bid to show the good faith of the bidder.

Envelope containing bid shall be plainly marked "Land Bid—to be opened Sept. 17, 1953."

Further information may be obtained from the office of the undersigned. Sealed bids will be received in the office of the undersigned in the City Hall at 8:00 P. M. (E.S.T.) on September 17, 1953, at which time and place said bids will be publicly opened and referred to by the City Council in regular meeting.

The City of Escanaba reserves the right to waive any informalities in the bidding, to reject all bids and to accept the bid which it deems most favorable to the best interest of the City of Escanaba.

GEORGE M. HARVEY, City Clerk

Grand Rapids Snare State Softball Crown

Escanaba U.P. Champs Lose In Quarterfinals

Bob Warner, 24-year-old mound artist, fired Grand Rapids to the men's Class A state softball championship here yesterday afternoon, beating Bay City 5-1 on a sparkling three-hit pitching performance.

Benton Harbor copped the girls' Class C state softball crown by stopping Flint Beecher 6-5 in another afternoon finale.

Warner graced the mound in three of the four Grand Rapids tournament wins. He defeated the Escanaba Merchants 7-4, Pontiac 8-3 and Bay City for the championship. Jerry Wustman tossed the new state champs to a 1-0 victory over the same Bay City team in a nine-inning semifinal game Sunday night.

Get Fast Start

Grand Rapids climbed on Bay City starter Guy Manke for three hits and a pair of runs in the first inning and had three more runs in the second before Jack Greenwood came on to duck the fire. Greenwood, who had eliminated Pontiac Sunday with a two-hit 4-3 victory, blanked Grand Rapids the rest of the way, allowing only two safeties.

Greenwood accounted for Bay City's lone run with an over-the-fence home in the sixth. It was the only ball parked over the 250-foot home run fence in the four-day tournament.

Warner, who entered the state tournament with a record of 33 wins against three losses for the season, gave up 15 hits and allowed six walks while fanning 18 batters in his three victories.

Warren Krause, Grand Rapids catcher, led his mates at the plate in the title tilt with two hits in two trips. His single in the first inning scored the second run off Manke.

Paulin Mound Star

After losing their first game to Grand Rapids 7-4, the Escanaba Merchants, Upper Peninsula champions, knocked St. Joseph out of the tournament with a 1-0 victory. Southpaw Don Paulin twirled a one-hitter for Escanaba in one of the better pitching stints of the tourney. He gave up a lone single to second baseman Vern Stubalt in the fourth inning with two away.

Mickey Kuchenberg, third baseman, scored the Escanaba run in the sixth. He led off with a single, moved to second on a putout at first base and raced home on a single off the bat of shortstop Ed Gauthier. Gauthier paced the Merchants with a double and single in three times. Escanaba collected four hits off the slants of Bob Waltherhouse.

The Merchants were dropped from the tournament by Pontiac Sunday afternoon, suffering their second loss by a 3-1 score. Pontiac got only five hits off Paulin, but three came in the second inning and produced all three runs. The Merchants reached Paul Gatto for four scattered hits and scored their one run in the second. Paulin, safe on an error on Gatto, reached second on Anderson's ground ball to the shortstop and scored on a single by Kippy DeRouin.

Losers One-Hitter

Probably the outstanding pitching performance of the tournament was turned in by Bay City's Guy Manke in a losing effort (1-0) against Grand Rapids. Manke pitched eight scoreless innings before allowing a double by Karl Wavio with one out in the ninth. Wavio scored the game's only run.

Three Speed Boat Marks Are Broken

DETROIT — Two Detroit speedboats shared honors in the Labor Day Silver Cup regatta. Jack Schaffer's Such Crust III, driven by Chuck Thompson, set three new speed marks, while Gale II, driven by Lee Schoenicht of Detroit, retained the trophy on points.

The new marks set by Thompson were 95.533 miles per hour for the 12 mile heat; 100.887 for the fastest three-mile lap and a race average of 84.306 miles an hour. Gale II won on a final score of 1494 points for finishing first in two heats, and second, third and fourth in the others. Such Crust scored 1438 points.

Maycunich Scores TD As Trojans Beat Braves 6-0

The St. Joe Trojans threw up an impenetrable barrier in front of their goal line Saturday afternoon, shook loose hard-running Bill Maycunich for a 33-yard touchdown sprint, and came out of the 1953 season opener with a 6-0 victory over the Gladstone Braves.

Four times Gladstone moved down inside the St. Joe 15-yard line and four times the Braves were stopped cold. In the first period the Braves lanced to the 14 before losing the ball on downs.

Early in the second period they worked the ball to the Trojan eight and again were held for four downs by the stubborn Trojans. In the third period Gladstone rolled to the St. Joe 10-yard stripe and fumbled and midway in the period they lost the ball on downs on the St. Joe nine.

Maycunich Is Star
In Maycunich the Trojans had a tremendous runner and a valuable defensive star. The Trojan fullback ran for 133 yards in 11

trips with the ball, an average of better than 12 yards per carry. Maycunich broke a scoreless deadlock on the first series of plays in the final quarter. Gladstone drove across midfield late in the third period and advanced to the St. Joe 33 before losing possession on downs.

The Trojans moved to midfield on a pass from Jerry McDonough to Dick Cass who lateraled to Bill Lancour, good for 14 yards. Lancour drove for six yards and McDonough fired to Cass for 12 to the Gladstone 33-yard line. Lancour missed Dick Bryson with an aerial.

Maycunich took the ball on a delayed buck, shot through the Gladstone line and into the secondary where he cut to the right sideline. Halfback Gary Guertin threw a key block on the five and Maycunich went over standing up. The pass for the extra point failed.

Touchdown Called Back
Gladstone had a touchdown run called back late in the third stan-

za. Jim Bratonia, fleet left half, broke free for a 31-yard run to the St. Joe goal line but a back field in motion penalty nullified the play.

Both teams played good football for an opening game. The contest was marked generally by fine running, good blocking and sure tackling. Statistics were very even, with the total yards gained by St. Joe coming out at 238 to 239 for Gladstone. The Braves, who dominated play in the third period, had a 14-9 edge in the first downs.

St. Joe received the kickoff and moved the ball to midfield where Lancour's pass was intercepted by quarterback Francis Peterson on the Gladstone 23.

With Bratonia, Joe Corbiel and Burton carrying the load, Gladstone moved across the 50 and to the St. Joe 14 before losing possession on downs.

St. Joe Threatens
St. Joe reeled off yardage right back to the Gladstone 20 before Guertin's fumble was recovered by Gladstone. The Braves lost the

ball when Peterson's fumble was recovered by Weber on the Gladstone 40.

St. Joe threatened again as the second quarter opened. A drive to the Gladstone 24 ended with Lancour's pass to John Berrigan falling in the end zone.

Midway in the second period Gladstone drove to the St. Joe eight yard line. Corbiel smashed center and Bratonia was nailed for a three-yard loss by Dick Moreau on fourth down. The half ended before either team could generate another threat.

Gladstone took the second half kickoff and marched to the St. Joe 10 where Weber recovered Bratonia's fumble on third down. Lancour fumbled on the first St. Joe play after a 10 yards gain and Peterson recovered for the Braves.

Reach St. Joe Four
Bratonia raced to the St. Joe four-yard line for a first down. Corbiel was stopped at the line, Bratonia lost three and Barak lost one before Peterson's pass to Quinn was knocked down by Stan Venne. St. Joe took over on the nine.

Leon Mileski punted to the 37 and after one play from scrimmage Bratonia got away on his TD run called back by a motion penalty. St. Joe took over on their own 35.

After Maycunich raced 33 yards for the only touchdown of the game, Gladstone was forced to punt from their own 30, the ball going out of bounds on the Gladstone 48. Gladstone held as St. Joe attempted to run for fourth down.

Quinn fumbled for Gladstone with McDonough recovering on the Gladstone 44. Time ran out with the Trojans in possession at midfield.

Brooklyn Sweeps Twin Bill

By THE ASSOCIATED PRESS

The power-packed Brooklyn Dodgers won their 95th and 96th victories Monday and can clinch the National League pennant this week.

The Dodgers, who have won 28 of 33 games since Aug. 7 to boost their lead over Milwaukee to 13 games, need only a combination of four victories or four Milwaukee defeats to eliminate the Braves mathematically.

Closing in on their second consecutive pennant, Brooklyn knocked off Robin Roberts and Curt Simmons Monday by identical scores, 6-2.

Phils, Giants Out

The Phillies joined the Giants and Cardinals among the "dead" Monday as Roberts absorbed his 13th defeat and Simmons his 12th. Four Philly errors and Duke Snider's 37th home run helped Carl Erskine to his 18th triumph in the opener.

Roy Campanella ruined Simmons in the nightcap with a three-run homer in the sixth inning that erased a 2-1 deficit.

Hank Sauer was the chief Milwaukee tormentor, leading the Cubs to a pair of triumphs, 4-3 and 6-4. The big outfielder drove in a run and scored twice with a double and single in the first game and accounted for two runs with a triple in the second game.

Cleveland's Indians shaved New York's American League lead to nine games, winning a pair from the St. Louis Browns while the Yankees were held to a split in a double-header in Boston. Home runs by Al Rosen, Larry Doby and Dale Mitchell gave the Indians a 10-7 victory after Bob Lemon had blanked the Browns 3-0 in the opener.

Keeps Homer Lead

Rosen's homer enabled him to retain the league lead over Philadelphia's Gus Zernial, who also belted a four-bagger. The Cleveland third baseman leads Zernial

Rex Layne Takes On Kayo Victor Again

SALT LAKE CITY (AP)—Utah's Rex Layne will be put to the test tonight when he climbs into the ring for a heavyweight match with 10th-ranked Earl Walls of Canada.

Once ranked second-best among the challengers, Layne fell out of the listings and in his last outing—against Walls in July—he suffered the worst licking of his career. Walls laid him out with one punch in the first round.

Reports from Las Vegas, Nev., indicated the Layne-Walls winner will be matched against the victor of the champion Rocky Marciano-Roland LaStarza title bout.

Yesterday's Stars

By The Associated Press

Butting — Eddie Yost, Washington Senators — Scored seven runs and drove in three with three doubles, a home run and a single in Washington's 13-2 and 6-3 sweep of a doubleheader from Philadelphia's Athletics.

Pitching — Harvey Haddix, St. Louis Cardinals — hurled a six-hit 1-0 triumph over Cincinnati for his 17th victory.

39 to 38. Lemon hurled a six-hitter for his 19th victory.

Ted Williams hit his ninth homer with a man on base and singled in another run in the Red Sox' 7-4 opening triumph over the Yankees. Mel Parnell won his 19th but needed help from Ellis Kinders. Joe Collins paced the Yankees to a 5-3 second-game victory with four hits, including a home run.

Detroit's Tigers climbed into sixth place for the first time this season, whipping the third-place Chicago White Sox twice, 6-2 and 4-2. Ned Garver and Billy Hoeltfied led the fading Sox their third and fourth successive losses. Walter Dropo batted in three Detroit

Tigers Win Two, Take Over Sixth In League

By JOE FALLS

DETROIT (AP) — The Detroit Tigers have boosted themselves into sixth place in the American League — their highest standing since 1951 — and there's only one reason for it: pitching.

Detroit's pitching staff leaves a lot to be desired but it's certainly much better than those of the Philadelphia A's or St. Louis Browns.

The Tigers proved this Monday when they swept a doubleheader from the Chicago White Sox, 6-2 and 4-2, behind the steady pitching of Ned Garver and Billy Hoeltfied. Garver tossed a six-hitter to even his record at 10-10 in the opener while Hoeltfied, shaking a slump, spaced eight hits in winning his

Tony Trabert Is Tennis Champ

FOREST HILLS, N. Y. (AP)—The United States' new tennis champion is a freckle-faced, 23-year-old ex-sailor from Cincinnati whose immediate interests are marriage, the Davis Cup and college—not a pro career.

"I haven't had any professional offers," tow-headed Tony Trabert said after crushing Wimbledon champion Vic Seixas 6-3, 6-2, 6-3 in Monday's finals of the National Tennis Championships.

"If I had one, I wouldn't be interested, I'm not ready." Trabert and Seixas, No. 1 and No. 2 players in amateur tennis, will be heavily favored to take the Davis Cup from Australia next December.

Sometime this winter, Trabert plans to marry a stunning brunette named Shauna Wood from Salt Lake City, Utah. She was "Miss Utah" in the recent Miss Universe contest. She was here to see Tony's greatest triumph.

The women's championship was won for the third straight year by Maureen "Little Mo" Connolly, who'll be 19 Sept. 17. Maureen downed Doris Hart of Coral Gables, Fla., for the fifth time a beaten finalist, 6-2, 6-4.

runs in the opener and Ray Boone did the same in the nightcap.

Cards Take Third

Washington trampled the Philadelphia Athletics twice, 13-2 and 6-3, as Jimmy Dykes' crew plunged into seventh place. Pete Runnels paced an 18-hit attack in the opener with four safeties. League-leading hitter Mickey Vernon rapped two doubles and a triple in the nightcap. Third baseman Eddie Yost drove in three runs and scored seven—five in the first game—with three doubles, a homer and single.

Red Schoendienst and Stan Musial led the Cardinals to a double victory over the Cincinnati Redlegs 4-3 and 1-0. Schoendienst

singled in the winning run in the ninth inning of the opener. He had homered with a man on base earlier. Musial doubled in pitcher Harvey Haddix with the game's only run in the nightcap. Haddix permitted six hits for his 17th win. The twin triumphs moved the Cardinals into third place.

Pittsburgh's last-place Pirates won their first double-header of the year at the expense of the Giants 9-7 and 5-3. Eddie Pellagrini had four straight hits in the opener, including a home run. In the nightcap Danny O'Connell homered to extend his hitting streak to 18 consecutive games for the winners.

ninth game against 13 setbacks.

This pitching boosted Detroit a half game ahead of the A's, who are having the blind staggers, and five full games ahead of St. Louis, which seems doomed to the cellar. Both dropped Labor Day double-headers.

Provide Hitting

While Garver and Hoeltfied handled the hurling yesterday, Walt Dropo and Ray Boone provided the hit-

Long Beach Team Wins World Softball Title

SELMA, Calif. (AP) — The Long Beach, Calif., Night Hawks won the World Softball championship Monday night from Tampico, Ill., 9-0 behind the four hit pitching of Ted Carlsgaard.

The Long Beach Club had an easy time in the finals after Tampico won its first game of the evening 3-0 from Lorenzo, Tex. Pitcher Bryant "Iron Horse" Hoyt gave the Texans only three hits, but weakened considerably in the nightcap and Long Beach hit him 11 times.

Hoyt pitched all six games his second place team played.

Ezzard Charles In Another Comeback

PHILADELPHIA (AP) — Ezzard Charles, who has been coming back almost as long as Little Sheba, keeps another one of those "must win or else" boxing engagements tonight against Harold Johnson, young Philadelphia light heavyweight.

Should the 32-year-old Charles win, he has been promised a crack at the heavyweight title he once owned.

There will be no radio broadcast or telecast of the fight.

Injured Halfback May Hurt Gopher Chances

By JIM KLOBUCHAR

MINNEAPOLIS (AP) — Despite presence of All-American Paul Giel, Minnesota's hopes in the Big Ten this year may ride on the resilience of a power-running right-half now hobbled by a knee injury.

Bob McNamara injured his knee on a construction job this summer and needed surgery. The knee has healed but it's still doubtful whether McNamara will be ready to go at top speed when the Gophers open a tough schedule against Southern California Sept. 26.

McNamara was a strange fish in a two-platoon era last year, playing end on offense and safetyman on defense.

Same As Last Year

As a whole, the Gophers will operate with essentially the same personnel which last year finished in a fourth place tie in the Big Ten with a 3-1-2 record. With 31 lettermen the Gophers still have last year's inadequacies — lack of speed and agility in the line and a thinly-strewn backfield.

The schedule matches Minnesota against first the Rose Bowl champions, Southern California and then last year's national champions, Michigan State. Following them

are Northwestern, Illinois, Michigan, Pittsburgh, Indiana, Iowa and Wisconsin.

The probable starting ends are Jim Soltau and Phil McElroy, a pair of rangy 185 pounders. Stav Canakes and either Ron Hansen or Gordie Holz will start at the tackles. All are between 215 and 220. Rocky Elton and either Harry Coates or Jerry Rau, all around 200, will be the guards.

Holme Is Fullback

Neither of the two centers, Jerry Helgeson and Check Stamschror, defensive specialists last year, has centered a ball in college competition.

Don Swanson will be the quarterback in Coach Wes Fesler's unbalanced single wing and spreads. Giel is irreplaceable at left half. Until McNamara heals, the right half duties will be divided by three or four men.

Fullbacks John Baumgartner, Mel Holme and Garry Johnson all have drive and experience.

Kansas City Takes Over Second Place

By The Associated Press

Kansas City moved into the runnerup spot ahead of Louisville Monday night in the rough-and-tumble final week of the American Association's baseball race. Today the Blues are just two games behind pace-setting Toledo.

Kansas City swept a doubleheader from Louisville 2-1 and 1-0, while league-leading Toledo was splitting a pair with fourth-place Indianapolis.

The Sox won the nine-inning second game 3-0 after dropping the opener to the Indians 5-4 in eight innings.

Charleston downed Columbus twice 2-1 in a 10-inning opener and 12-4 in the nightcap. Minneapolis and St. Paul split, the Millers winning the first game 6-4 and the Saints the second 5-2.

Furillo Will 'Get Durocher'

NEW YORK (AP)—Brooklyn outfielder Carl Furillo, nursing a broken hand, and Leo Durocher, his target in Sunday's brawl at the Polo Grounds, apparently will escape unscathed as far as league officials are concerned.

Dr. Eugene Zorn, the Dodgers' physician, said Furillo has a double fracture of the bone behind the knuckle of the little finger of his left hand. He will be out of action until the World Series.

The major leagues' leading hitter with a .344 average, Furillo was injured in a melee during the Brooklyn-New York game.

He was hit on the wrist by a ball pitched by Ruben Gomez. He started toward the mound but was restrained. After going to first base he left the bag, heading for Durocher in the Giants' dugout. Players from both teams swarmed about and Furillo's hand was stepped on, breaking the bone.

"I'll get him the next time I see him (Durocher)," Furillo said grimly.

National League President Warren Giles viewed the brawl as a "typical ballplayer tussle." He indicated no fines or other penalties would be forthcoming.

Wolve Gridders Work On Defense

ANN ARBOR (AP)—Defense, the obligation of every playing squad member under the new limited substitution rule, was the big subject in the Michigan football camp today.

And no phase of defense was getting as much attention as the selection of a pair of linebackers for the 1953 Wolverine team.

Coach Bennie Oosterbaan has four top prospects for the two jobs behind the Michigan line: Dean Ludwig, John Morrow, Louis Baldacci, and Jim Bates.

Ludwig and Bates are center prospects on offense. Baldacci is the top quarterback prospect. Morrow is a possibility at either center or tackle.

Lengthy defensive drills were held Monday. The drills will be intensified for the Sept. 26 opener against Washington.

"That's the big thing now," said Oosterbaan, "defense."

Tiger Tales

DETROIT (AP)—The Tigers are in sixth place but consider this:

They have 15 games left to go—12 of them on the road. . . That means they'll have to protect their half game lead over Philadelphia on enemy territory. . .

Detroit can do a lot toward clinching sixth place when they open an eastern trip Wednesday night with a two-night double header in Philadelphia. . .

Tiger home attendance for 76 home games is 840,741. . . Three games are left on the schedule: two weekend games with Cleveland and a night game with St. Louis.

Lemon And Wynn May Still Get 20 Wins

CLEVELAND (AP) — Bob Lemon, Early Wynn and Mike Garcia, the Indians' pitching big three, each may still reach the 20-wins mark again this season.

Lemon and Wynn were credited with victories over the St. Louis Browns Monday. It was Lemon's 19th triumph and Wynn's 17th. Garcia has won 16.

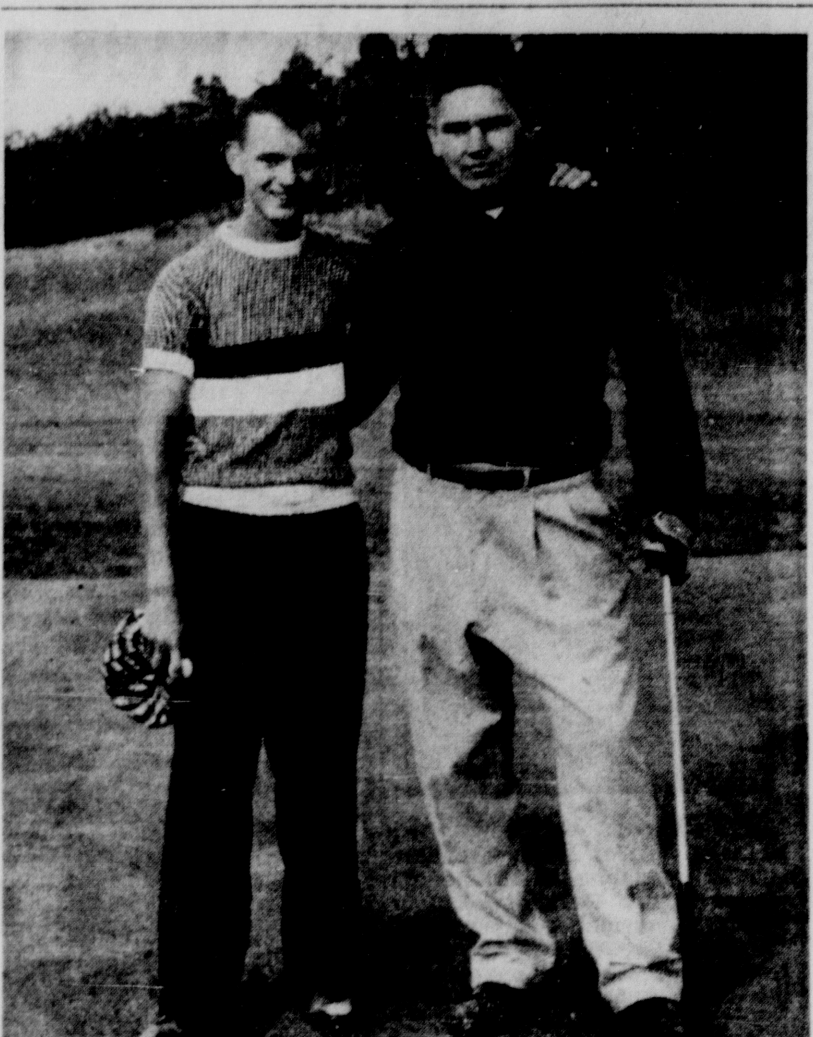

Last year, Wynn had 23 wins, and Lemon and Garcia 22 apiece.

FIGHTS LAST NIGHT

By THE ASSOCIATED PRESS

Brooklyn, N. Y. — Glen Flanagan, 135, St. Paul, Minn., defeated Charley Riley, 132½, St. Louis (10).

GLADSTONE

GOLF FINALISTS — Dr. Byron H. Skellenger, defending champion of the Gladstone Golf Club, retained his title Labor Day, defeating T. J. LaLonde, left, in the finals. Skellenger won on the 18th hole. LaLonde was runner up a year ago, too. (Daily Press Photo)

3 Injured In 3-Car Crash

Two Gladstone residents were hospitalized Saturday night for injuries received in an auto accident shortly before midnight on US-2-41 just west of the Delta-Menominee county line.

Involved in the accident were autos driven by Wayne Carper, 28, Route 1, Ashley, Ind., and Alvin L. Gagnon, 25, 1406 Delta Ave., Gladstone.

Carper, told Michigan State Police who investigated that the Gagnon auto which was approaching him ran off onto the shoulder of the pavement and suddenly came back onto the pavement and across the centerline hitting him head-on.

Injured were Marian Meeks, 26, Route 1, Pleasant Lake, Ind., a passenger in the Carper auto who had lacerations of the head and knees; Arnold Gagnon, 35, 802 Superior Ave., Gladstone, lacerations about the body and shock, and Eleanor Gagnon, 32, 802 Superior Ave., wife of Arnold, who had lacerations and abrasions.

Before the wreckage of the accident was cleared away, a car driven by Dale T. Evans, Fort Wayne, Ind., skidded when he was attempting to clear the Gagnon auto and sideswiped it.

Gagnon's auto was said to be a total wreck. Damages to the other two vehicles was extensive.

Gagnon was ticketed for driving on the wrong side of the road.

Peninsula Industries Urged To List Needs For Natural Gas Line

LANSING (AP) — The Michigan Economic Development Commission has appealed to Upper Peninsula industrialists to come through with facts if they want a natural gas supply for their area.

Don Weeks, commission director,

urged industrial executives of the area to submit full data in a survey now being made by the Upper Peninsula Development Bureau.

Weeks said the information obtained on the potential market for natural gas in the northern counties will be a major factor in a case being presented to Canadian officials by Mid-Continent Pipelines, Ltd.

He said this company is one of several pipeline firms seeking authority to carry natural gas from Alberta to Eastern Canada and is the only one proposing to route its lines through the Upper Peninsula.

Weeks contended that natural gas "could be the most important single factor in future industrial development of the Upper Peninsula."

Manitou Island May Be Logged

LELAND (AP)—Michigan-owned trees of near-record size on South Manitou Island in Lake Michigan may soon fall before the woodsman's axe, Fred Haskins, district forester, disclosed Thursday.

Haskins said a trial offer of 80 acres for cutting purposes will be advertised for bids within two months.

"We want to be sure before we sell all the timber that it will be harvested properly," Haskins said.

In cruising the timber he said he found an American elm 56 inches in diameter which he estimates contains 4,000 board feet of lumber. A white cedar is 58 inches in diameter. Both are near record size for the state, he said.

Only a little virgin timber remains on the island, however. Haskins said most of the island was logged off in 1850 for fuel for Great Lakes steamers.

The state owns 1,800 acres of the island.

THOSE IN UNIFORM

Albert O. Charbonneau, 24, of Rt. 1 Gladstone, a member of Class 55, The Engineer Officers Candidate School at Fort Belvoir, Va., was graduated and commissioned a second lieutenant in the Corps of Engineers August 25, 1953.

The Officers Candidate School at Fort Belvoir, the home of the Engineers, has made a name for itself as "The Little West Point". Graduating an average of 25 officers a week from a course 23 weeks long, The Engineer Officers Candidate School is filling the gap between officer requirements for the Corps of Engineers and officer graduates of ROTC school and the Military Academy, it was reported.

Pvt. Michael M. Mischen, Route 1, Escanaba, recently was awarded the Combat Infantryman Badge for active participation in ground action with the 82nd Infantry Division in Korea. Mischen, a member of the 9th Infantry Regiment, entered the Army in January 1952 and received his basic training at Camp Breckinridge, Ky.

Best Actress Award Goes To Lili Palmer For 'The Four Poster'

VENICE, Italy (AP)—Lili Palmer won the 14th International film Festival's best actress award for her role in the Hollywood film "The Four Poster."

The six-man Italian jury which made the awards Friday night picked Henri Vilbert, French star of "Le Bon Dieu Sans Confession," as the best actor.

Six of the 29 films entered in the competition by 16 nations tied for the second place award. For the first time, no first place award was presented because the judges felt the quality of the best entries was too nearly equal to single one out as best.

The six second place awards included American films "Moulin Rouge," and "The Little Fugitive."

Mother At 13

MORRIS, Ill. (AP)—Mrs. Diane Barr has become a mother at the age of 13. She and her eight pound four ounce son born in the Morris hospital Tuesday are doing fine, the hospital reported today.

Her husband, Donald, 25, works in a Joliet factory.

BEAN FEAST — Donna Rae Meincke, 2½, of Moline, Ill., has enough vegetables to last her all winter in this Polish bean, four feet high, weighing 8½ pounds. The huge vegetable is not properly a bean, but a member of the gourd family.

Mr. and Mrs. John Soldenski of Duluth are visiting at the home of his parents, Mr. and Mrs. Valentine Soldenski.

Jelly-like Cleaner Knocks Baked Grease Off Oven Surfaces

"ITS" is the name of a new oven cleaner that restores oven surfaces to grease-free newness without scraping or scrubbing.

The substance is brushed on, allowed to stand, then wiped clean with water.

"ITS" oven cleaner is available at the Fair Store for \$1 and this includes a plastic brush. "ITS" is non-inflammable and truly spectacular in performance. Adv.

Ohioan New Man As He Ends 13 Years Being Red For FBI

DAYTON, Ohio (AP)—How does it feel to be a Communist for the FBI?

Roger E. Dunham says it was quite a burden.

Some of his neighbors, he said, had not talked to him for a long time. His fellow workers had threatened him with violence. His six children couldn't find many playmates. His 23-year-old son Jerry lost a job at a Dayton plant. His wife had to stop teaching Sunday school.

Neighbors Change
All this Dunham told reporters of the Dayton Daily News Thursday in interviews after he had

testified in a Federal Court case where his activities for the FBI were made public for the first time in 13 years.

That the 13 years hung heavily on Dunham's shoulders while he worked in a local General Motors plant was apparent to newsmen who talked to him.

But today he was a new man. His friends and neighbors were calling him on the telephone, offering him their good wishes and sympathy for what he had undergone in those years of Communist activity.

Masquerade Over
Last Wednesday Dunham testi-

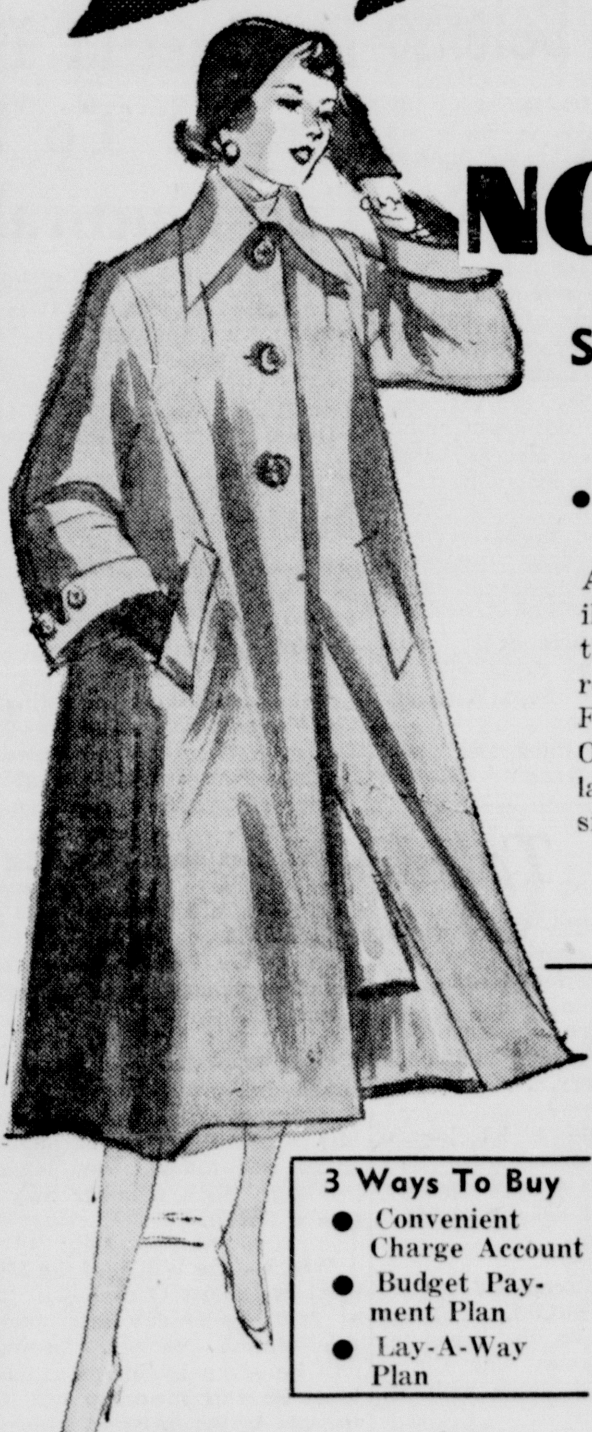

fied in the trial of Melvin E. Hupman, accused of falsely swearing he was not a Communist when he signed a Taft-Hartley affidavit in 1949. That trial is still under way, but as Wednesday's session neared the end, U. S. Atty. Joseph Bullock turned to Dunham and asked: "During this time the period of Dunham's party membership did you maintain contact with the FBI?"

Dunham replied: "Yes." At that moment 13 years of masquerading was over for Dunham.

He had testified in court about the activities of state and National figures. In the same trial, another Communist for the FBI, Arthur Strunk, 57, identified Hupman as a former Communist.

Johnny Goodman, champion golfer, played his first several years of golf left-handed, because he had been given some left-handed clubs.
